3. If in any given fiscal year moneys are not appropriated to fund the benefits in sections 208.015 or 208.162, RSMo, such benefits shall not be provided and persons otherwise eligible for benefits will no longer be deemed eligible for such benefits during that fiscal year.

5. If a mandatory co-payment is not paid, the provider may:

a. Forego the co-payment; or

b. Make arrangements for future payments with the recipient; or

Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-THIRD DAY--WEDNESDAY, MAY 14, 2003

The Senate met pursuant to adjournment.

Senator Gross in the Chair.

Reverend Carl Gauck offered the following prayer:

"If God be for us, who can be against us?" (Romans 8:31)

Gracious God, we know it would be presumptuous to assume You are always on our side, whether in an argument or a dispute; so we pray that we may always be on Your side. Help us to seek to do Your will and follow the path You have laid before us, no matter how unpopular it may be; let us not be ever afraid to do what is right. And Father, we pray for Senator Klindt and his family, that You will comfort them with Your presence and give them Your peace. We pray for Mrs. Klindt that in these final days and hours You will provide her mercy and grace and touch her soul and give her life eternally. In Your Holy Name, we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

The department shall notify the court as to the offender's eligibility and the availability of space in the program. Notwithstanding any other provision of law to the contrary, except as provided for in section 558.019, RSMo, if an offender is eligible and there is adequate space, the court may sentence a person to the program which shall consist of institutional drug **or alcohol** treatment for a period of **at least twelve and no more than** twenty-four months, as well as a term of incarceration. **The department shall determine the nature, intensity, duration, and completion criteria of the education, treatment, and aftercare portions of any program services provided.** Execution of the offender's term of incarceration shall be suspended pending completion of said program. Allocation of space in the program may be distributed by the department in proportion to drug arrest patterns in the state. If the court is advised that an offender is not eligible or that there is no space available, the court shall consider other authorized dispositions.

3. [Notwithstanding any other provision of the law to the contrary, upon successful completion of the program, the board of probation and parole may advise the sentencing court of the eligibility of the individual for probation. The original sentencing court shall hold a hearing to make a determination as to the fitness of the offender to be placed on probation. The court shall follow the recommendation of the board unless the court makes a determination that such a placement would be an abuse of discretion. If an offender successfully completes the program before the end of the twenty-four-month period, the department may petition the court and request that probation be granted immediately.] **Upon successful completion of the program, the board of probation and parole shall advise the sentencing court of an offender's probationary release date thirty days prior to release. If the court determines that probation is not appropriate the court may order the execution of the offender's sentence.**

4. If it is determined by the department that the offender has not successfully completed the program, or that the offender is not cooperatively participating in the program, the offender shall be removed from the program and the court shall be advised. Failure of an offender to complete the program shall cause the offender to serve the sentence

prescribed by the court and void the right to be considered for probation on this sentence.

5. An offender's first incarceration in a department of corrections program pursuant to this section prior to release on probation shall not be considered a previous prison commitment for the purpose of determining a minimum prison term pursuant to the provisions of section 558.019, RSMo." and

557.036. 1. [Subject to the limitation provided in subsection 3 of this section,] Upon a finding of guilt upon verdict or plea, the court shall decide the extent or duration of sentence or other disposition to be imposed under all the circumstances, having regard to the nature and circumstances of the offense and the history and character of the defendant and render judgment accordingly.

2. [The court shall instruct the jury as to the range of punishment authorized by statute and upon a finding of guilt to assess and declare the punishment as a part of their verdict, unless:] **Where an offense is submitted to the jury, the trial shall proceed in two stages. At the first stage, the jury shall decide only whether the defendant is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the jury at the first stage.**

3. If the jury at the first stage of a trial finds the defendant guilty of the submitted offense, the second stage of the trial shall proceed. The issue at the second stage of the trial shall be the punishment to be assessed and declared. Evidence supporting or mitigating punishment may be presented. Such evidence may include, within the discretion of the court, evidence concerning the impact of the crime upon the victim, the victim's family and others, the nature and circumstances of the offense, and the history and character of the defendant. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. The court shall instruct the jury as to the range of punishment authorized by statute for each submitted offense. The attorneys may argue the issue of punishment to the jury, and the state shall have the right to open and close the argument. The jury shall assess and declare the punishment as authorized by statute.

4. A second stage of the trial shall not proceed and the court, and not the jury, shall assess punishment if:

(1) The defendant requests in writing, prior to voir dire, that the court assess the punishment in case of a finding of guilt; or

(2) The state pleads and proves the defendant is a prior offender, persistent offender, dangerous offender, or persistent misdemeanor offender as defined in section 558.016, RSMo, a persistent sexual offender as defined in section 558.018, RSMo, or a predatory sexual offender as defined in section 558.018, RSMo.

If the jury [finds the defendant guilty but] cannot agree on the punishment to be assessed, the court shall proceed as provided in subsection 1 of this section. If [there be a trial by jury and the jury is to assess punishment and if], after due deliberation by the jury, the court finds the jury cannot agree on punishment, then the court may instruct the jury that if it cannot agree on punishment that [it may return its verdict without assessing punishment and] the court will assess punishment.

[3.] **5. If the jury returns a verdict of guilty in the first stage and declares a term of imprisonment [as provided in subsection 2 of this section] in the second stage, the court shall proceed as provided in subsection 1 of this section**

except that any term of imprisonment imposed cannot exceed the term declared by the jury unless the term declared by the jury is less than the authorized lowest term for the offense, in which event the court cannot impose a term of imprisonment greater than the lowest term provided for the offense.

[4.] **6.** If the defendant is found to be a prior offender, persistent offender, dangerous offender or persistent misdemeanor offender as defined in section 558.016, RSMo:

- (1) If he has been found guilty of an offense, the court shall proceed as provided in section 558.016, RSMo; or

[5.] **7.** The court shall not seek an advisory verdict from the jury in cases of prior offenders, persistent offenders, dangerous offenders, persistent sexual offenders or predatory sexual offenders; if an advisory verdict is rendered, the court shall not deem it advisory, but shall consider it as mere surplusage.

558.011. 1. The authorized terms of imprisonment, including both prison and conditional release terms, are:

- (1) For a class A felony, a term of years not less than ten years and not to exceed thirty years, or life imprisonment;

- (3) For a class C felony, a term of years not to exceed seven years;
- (4) For a class D felony, a term of years not to exceed [five] **four** years;
- (5) For a class A misdemeanor, a term not to exceed one year;
- (6) For a class B misdemeanor, a term not to exceed six months;
- (7) For a class C misdemeanor, a term not to exceed fifteen days.

2. In cases of class C and D felonies, the court shall have discretion to imprison for a special term not to exceed one year in the county jail or other authorized penal institution, and the place of confinement shall be fixed by the court. If the court imposes a sentence of imprisonment for a term longer than one year upon a person convicted of a class C or D felony, it shall commit the person to the custody of the department of corrections for a term of years not less than two years and not exceeding the maximum authorized terms provided in subdivisions (3) and (4) of subsection 1 of this section.

3. (1) When a regular sentence of imprisonment for a felony is imposed, the court shall commit the [defendant] **person** to the custody of the department of corrections for the term imposed under section 557.036, RSMo, or until released under procedures established elsewhere by law.

(2) A sentence of imprisonment for a misdemeanor shall be for a definite term and the court shall commit the [defendant] **person** to the county jail or other authorized penal institution for the term of his **or her** sentence or until released under procedure established elsewhere by law.

4. (1) A sentence of imprisonment for a term of years for felonies other than dangerous felonies as defined in section 556.061, RSMo, and other than sentences of imprisonment which involve the individual's fourth or subsequent remand to the department of corrections shall consist of a prison term and a conditional release term. The conditional release term of any term imposed under section 557.036, RSMo, shall be:

- (a) One-third for terms of nine years or less;
- (b) Three years for terms between nine and fifteen years;

(c) Five years for terms more than fifteen years; and the prison term shall be the remainder of such term. The prison term may be extended by the board of probation and parole pursuant to subsection 5 of this section.

(2) "Conditional release" means the conditional discharge of an offender by the board of probation and parole, subject to conditions of release that the board deems reasonable to assist the offender to lead a law-abiding life, and subject to the supervision under the state board of probation and parole. The conditions of release shall include avoidance by the offender of any other crime, federal or state, and other conditions that the board in its discretion deems reasonably necessary to assist the releasee in avoiding further violation of the law.

5. The date of conditional release from the prison term may be extended up to a maximum of the entire sentence of imprisonment by the board of probation and parole. The director of any division of the department of corrections except the board of probation and parole may file with the board of probation and parole a petition to extend the conditional release date when an offender fails to follow the rules and regulations of the division or commits an act in violation of such rules. Within ten working days of receipt of the petition to extend the conditional release date, the board of probation and parole shall convene a hearing on the petition. The offender shall be present and may call witnesses in his **or her** behalf and cross-examine witnesses appearing against [him] **the offender**. The hearing shall be conducted as provided in section 217.670, RSMo. If the violation occurs in close proximity to the conditional release date, the conditional release may be held for a maximum of fifteen working days to permit necessary time for the division director to file a petition for an extension with the board and for the board to conduct a hearing, provided some affirmative manifestation of an intent to extend the conditional release has occurred prior to the conditional release date. If at the end of a fifteen-working-day period a board decision has not been reached, the offender shall be released conditionally. The decision of the board shall be final.

558.016. 1. The court may sentence a person who has pleaded guilty to or has been found guilty of an offense to a term of imprisonment as authorized by section 558.011 or to a term of imprisonment authorized by a statute governing the offense, if it finds the defendant is a prior offender or a persistent misdemeanor offender, or to an extended term of imprisonment if it finds the defendant is a persistent offender or a dangerous offender.

2. A "prior offender" is one who has pleaded guilty to or has been found guilty of one felony.

3. A "persistent offender" is one who has pleaded guilty to or has been found guilty of two or more felonies committed at different times.

4. A "dangerous offender" is one who:

(1) Is being sentenced for a felony during the commission of which he knowingly murdered or endangered or threatened the life of another person or knowingly inflicted or attempted or threatened to inflict serious physical injury on another person; and

(2) Has pleaded guilty to or has been found guilty of a class A or B felony or a dangerous felony.

5. A "persistent misdemeanor offender" is one who has pleaded guilty to or has been found guilty of two or more class A or B misdemeanors, committed at different times, which are defined as offenses under chapters 195, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, and 576, RSMo.

6. The pleas or findings of guilty shall be prior to the date of commission of the present offense.

7. The total authorized maximum terms of imprisonment for a persistent offender or a dangerous offender are:

(3) For a class C felony, [a term of years not to exceed twenty years] **any sentence authorized for a class B felony;**

(4) For a class D felony, [a term of years not to exceed ten years] **any sentence authorized for a class C felony.**

8. An offender convicted of a nonviolent class C or class D felony with no prior prison commitments, after serving one hundred twenty days of his or her sentence, may, in writing, petition the court to serve the remainder of his or her sentence on probation, parole, or other court-approved alternative sentence. No hearing shall be conducted unless the court deems it necessary. Upon the offender petitioning the court, the department of corrections shall submit a report to the sentencing court which evaluates the conduct of the offender while in custody, alternative custodial methods available to the offender, and shall recommend whether the offender be released or remain in custody. If the report issued by the department is favorable and recommends probation, parole, or other alternative sentence, the court shall follow the recommendations of the department unless the court makes the determination that such placement may be an abuse of discretion. Any placement of an offender pursuant to section 559.115, RSMo, shall be excluded from the provisions of this subsection.

558.019. 1. This section shall not be construed to affect the powers of the governor under article IV, section 7, of the Missouri Constitution. This statute shall not affect those provisions of section 565.020, RSMo, section 558.018 or section 571.015, RSMo, which set minimum terms of sentences, or the provisions of section 559.115, RSMo, relating to probation.

2. The provisions of **subsections 2 to 5** of this section shall be applicable to all classes of felonies except those set forth in chapter 195, RSMo, and those otherwise excluded in subsection 1 of this section. For the purposes of this section, "prison commitment" means and is the receipt by the department of corrections of a [defendant] **offender** after sentencing. For purposes of this section, prior prison commitments to the department of corrections shall not include commitment to a regimented discipline program established pursuant to section 217.378, RSMo. Other provisions of the law to the contrary notwithstanding, any [defendant] **offender** who has pleaded guilty to or has been found guilty of a felony other than a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the [defendant] **offender** has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the [defendant] **offender** must serve shall be forty percent of his **or her** sentence or until the [defendant] **offender** attains seventy years of age, and has served at least [forty] **thirty** percent of the sentence imposed, whichever occurs first;

(2) If the [defendant] **offender** has two previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the [defendant] **offender** must serve shall be fifty percent of his **or her** sentence or until the [defendant] **offender** attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(3) If the [defendant] **offender** has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the [defendant] **offender** must serve shall be eighty percent of his **or her** sentence or until the [defendant] **offender** attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any [defendant] **offender** who has pleaded guilty to or has been found guilty of a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the [defendant] **offender** attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for crimes committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the [defendant] **offender** before he **or she** is eligible for parole, conditional release or other early release by the department of corrections. Except that the board of probation and parole, in the case of consecutive sentences imposed at the same time pursuant to a course of conduct constituting a common scheme or plan, shall be authorized to convert consecutive sentences to concurrent sentences, when the board finds, after hearing with notice to the prosecuting or circuit attorney, that the sum of the terms results in an unreasonably excessive total term, taking into consideration all factors related to the crime or crimes committed and the sentences received by others similarly situated.

6. (1) A sentencing advisory commission is hereby created to consist of [eleven] **thirteen** members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. [Six] **Eight** members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; [private citizens] **four private citizens, two from urban and two from rural areas of the state**; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for [defendants] **offenders** convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor **sentences are comparable to other states, if the length of the sentence is appropriate, and the rate of rehabilitation based on sentence**. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

(a) The nature and severity of each offense;

(b) The record of prior offenses by the offender;

(c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and

(4) **The commission shall study alternative sentences, prison work programs, work release, home-based incarceration, probation and parole options, and any other programs and report the feasibility of these options in Missouri.**

(5) The commission shall publish and distribute its [system of recommended sentences] **recommendations** on or before July 1, [1995] **2004**. [(6)] (7) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not

reimbursed by reason of their other paid positions.

[(7)] **(8)** The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The report shall contain a description of the circumstances of the offense, an evaluation of the offender's need for drug or alcohol treatment, an evaluation of the offender's conduct while in custody, and available options, if any, for punishing the offender in settings other than prison. The board of probation and parole shall have the authority for the duration of the sentence imposed by the court to place the offender in any combination of treatment, incarceration, supervised release, community service, and restorative justice.

9. If the imposition or execution of a sentence is suspended, the court may consider ordering any or all of the following restorative justice methods, or any other method that the court finds just or appropriate:

- (3) Mandatory community service;**
- (4) Work release programs in local facilities; and**

559.115. 1. Neither probation nor parole shall be granted by the circuit court between the time the transcript on appeal from the [defendant's] **offender's** conviction has been filed in appellate court and the disposition of the appeal by such court.

If the court does not respond when an offender successfully completes the program, the offender shall be released on probation. If the department determines that an offender is not successful in a program, then after one hundred days of incarceration the circuit court shall receive from the department of corrections a report on the offender's participation in the program and department recommendations for terms and conditions of an offender's probation. The court shall then release the offender on probation or order the offender to remain in the department to serve the sentence imposed.**

4. **If the department of correction's one-hundred-twenty-day-program is full, the court may place the offender in a private program approved by the department of corrections or the court. SENATE AMENDMENT NO. 9

Amend Senate Substitute for House Bill No. 198, Page 2, Section 537.046, Line 3, by inserting after all of said line the following:

"537.800. 1. Any action seeking money damages against a person for conduct or speech undertaken or made in connection with a public issue, or a public hearing or public meeting, in a quasi-judicial proceeding before a tribunal or decision-making body of any political subdivision of the state is subject to a special motion to dismiss, motion for judgment on the pleadings, or motion for summary judgment that shall be considered by the court on a priority or expedited basis to ensure the early consideration of the issues raised by the motion and to prevent the unnecessary expense of litigation. The court shall grant such special motion, unless the party against whom the motion is made shows by clear and convincing evidence that:

(a) The moving party's conduct or speech was devoid of any reasonable factual support or any arguable basis in law; and

(b) The moving party's acts caused actual injury to the responding party.

Upon the filing of any special motion described in this subsection, all discovery shall be suspended pending a decision on the motion by the court and the exhaustion of all appeals regarding the special motion.

2. If a court grants a motion to dismiss, a motion for judgment on the pleadings or a motion for summary judgment, the court shall award reasonable attorney fees and costs incurred by the moving party in defending the action and may award punitive damages upon a demonstration that the action was primarily commenced or continued for the purpose of harassing, intimidating, punishing, or otherwise maliciously inhibiting the free exercise of speech, petition, or association rights. If the court finds that a special motion to dismiss or motion for judgment on the pleadings or motion for summary judgment is frivolous or solely intended to cause unnecessary delay, the court shall award costs and reasonable attorney fees to the party prevailing on the motion.

3. Any party shall have the right to an expedited appeal from a trial court order on the special motions described in subsection 2 of this section or from a trial court's failure to rule on the motion on an expedited basis.

4. The state or any local governmental entity to which the moving party's conduct or speech is made or directed or the attorney general may intervene to defend or otherwise support the moving party on any special motion.

5. As used in this section, a "public meeting in a quasi-judicial proceeding" means and includes any meeting established and held by state or local governmental entity, including without limitations, meetings or presentations before state, county, city, town or village councils, planning commissions, review boards or commissions.

6. Nothing in this section limits or prohibits the exercise of a right or remedy of a party granted pursuant to another constitutional, statutory, common law or administrative provision, including civil actions for defamation.

7. If any provision of this section or the application of any provision of this section to a person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this section that can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.";

Senator Dolan offered SA 10:

SENATE AMENDMENT NO. 10

Amend Senate Substitute for House Bill No. 198, Page 26, Section 478.610, Line 2, by inserting immediately after said line the following:

"479.051. 1. Any city, county or township may provide by ordinance an administrative adjudication system for adjudicating parking and other non-moving municipal code violations to the extent permitted by court rules. The adoption by a city, county, or township of an administrative adjudication system does not preclude the city, county, or township from using other methods to enforce ordinances. This statute shall not affect the validity of other administrative adjudication systems authorized by state law and created prior to the effective date of this statute.

2. An ordinance establishing an administrative adjudication system shall provide for an administrative adjudication unit or alternative, which could include the municipal division of a circuit court, define the jurisdiction and role of that unit and describe the means by which the municipality shall provide suitable facilities and operating resources for operating the administrative adjudication system. The ordinance shall designate the types of municipal code violations deemed appropriate for administrative adjudication consistent with applicable state law. The administrative adjudication unit shall operate under the supervision of the circuit court.

3. The administrative adjudication unit, as provided in this section, shall establish and maintain a system for adjudicating parking violations and any other municipal code violations designated for administrative adjudication by ordinance. The administrative adjudication system shall include operating policies and procedures, including but not limited to, appeal criteria, documentation requirements, notification deadlines, and forms, subject to the approval of the circuit court. The administrative adjudication system shall afford parties due process of law.

4. The adjudication process may involve a one-step administrative hearing or a two-step administrative review and administrative hearing. If the city, county, or township adopts a one-step process, individuals must apply for an administrative hearing to contest a municipal code violation. If the city, county, or township adopts a two-step process, individuals must first apply for an administrative review to contest a municipal code violation and then, if dissatisfied with the results of the administrative review, may apply for an administrative hearing. Any failure to request an administrative review or hearing in accordance with the rules established by the administrative adjudication unit, as provided in this section, shall be considered an admission of liability.

5. The administrative reviews and hearings authorized pursuant to this section shall be designed to ensure a fair and impartial consideration of the contested code violation. The formal and technical rules of evidence shall not apply in any administrative review or hearing authorized pursuant to this section. Evidence, including hearsay, may be admitted only if it is the type of evidence commonly relied upon by reasonably prudent persons in the conduct of their affairs. The officer or person who issued the notice of municipal code violation shall not be required to participate in an administrative review or hearing. The agency that issued the municipal code violation need not produce any evidence other than the notice of municipal code violation or copy thereof and information received from an appropriate state or local agency identifying the property owner of record. Such

documentation in proper form shall be prima facie evidence of the municipal code violation.

6. An administrative review shall entail an informal review process through which the individual may contest a municipal code violation by mail, in person or other means approved by the administrative adjudication unit, as provided in subsection 2 of this section. The individual's right to an administrative review shall expire if the city does not receive a documented challenge to the municipal code violation within seven calendar days of issuing the original violation or the time period prescribed by local ordinance, whichever is later. In a city, county, or township adopting the two-step administrative adjudication process, individuals who fail to exercise their right to an administrative review in accordance with the prescribed rules shall also lose their right to an administrative hearing. The administrative adjudication unit, as provided in subsection 2 of this section, shall appoint or contract with qualified individuals to conduct administrative reviews.

7. An administrative hearing shall entail a formal hearing through which the individual may contest a municipal code violation or, for a city, county, or township with a two-step appeal process, an administrative review finding in person before an administrative hearing officer. Administrative hearings shall be scheduled with reasonable promptness and any notice of an administrative hearing shall include the code violation type and nature, the administrative hearing date and location, the legal authority and jurisdiction of the administrative adjudication unit, as provided in this section, and the penalties for failing to appear at the hearing. The individual's right to an administrative hearing shall expire if the city does not receive a written challenge to the administrative review results within seven calendar days of notifying the individual of the results of the administrative review or, if the municipality has a one-step appeal process, fourteen calendar days of issuing the original violation.

8. The administrative adjudication unit, as provided in this section, shall appoint or contract with qualified administrative hearing officers to preside over administrative hearings. As impartial and independent fact finders, administrative hearing officers may:

- (1) Hear testimony and review relevant evidence;
- (2) Issue subpoenas directing witnesses to appear and give relevant testimony;
- (3) Preserve and authenticate hearing records and evidence;
- (4) Issue written findings of fact and conclusions of law, including the fine, penalty, or action with which the parties must comply; and
- (5) Impose penalties and assess costs consistent with applicable law.

An administrative hearing officer shall be an attorney licensed to practice law in the state of Missouri for at least three years and possess sufficient competence to adjudicate municipal code violations, including, but not limited to, experience in administrative law, familiarity with the rules of procedure for administrative hearings, and a working knowledge of each subject area of the municipal code violations that they will adjudicate. An administrative hearing officer's employment and compensation shall not, directly or indirectly, be linked to the amount of fines. The municipality may establish additional policies and procedures for ensuring that administrative hearing officers demonstrate the objectivity and qualifications necessary to conduct fair, impartial, and expeditious hearings.

9. An administrative adjudication unit may not impose a penalty of incarceration or a fine in excess of the amount allowed by state or local law. Any fine, other sanction, or costs imposed, or part of any fine, other sanction, or costs imposed, remaining unpaid after the exhaustion of or the failure to exhaust judicial review procedures pursuant to chapter 536, RSMo, are a debt due and owing the municipality and may be collected in accordance with applicable law. Any fine, sanction, costs, or other charges assessed by the administrative adjudication unit shall be deposited into the municipal treasury in accordance with applicable state and local laws and rules for that particular municipality.

10. Any final decision by an administrative adjudication unit, as provided in this section, that a code violation does or does not exist shall constitute a final determination for purposes of judicial review and shall be subject to review pursuant to chapter 536, RSMo.

11. After expiration of the period in which judicial review pursuant to chapter 536, RSMo, may be sought for a final determination of a municipal code violation, unless stayed by a court of competent jurisdiction, the findings of fact and conclusions of law of the administrative hearing officer may be enforced in the same manner as a judgment entered by a court of competent jurisdiction. If a defendant fails to comply with an order of the administrative hearing officer, any expenses incurred by the municipality to enforce the order, including, but not limited to, attorney, court, administrative, vehicle storage, and property demolition or foreclosure costs, after they are fixed by an administrative hearing officer or a court of competent jurisdiction, shall be a debt due the municipality and may be collected in accordance with applicable law. Upon being recorded in the manner required by state law or the uniform commercial code, a lien may be imposed on the real or personal property, or both, of the defendant in the amount of any debt due the municipality pursuant to this section. The lien may be enforced in the same manner as a judgment lien pursuant to a judgment of a court of competent jurisdiction."; and

Further amend the title and enacting clause accordingly.

Senator Dolan moved that the above amendment be adopted, which motion prevailed.

8. SENATE AMENDMENT NO. 19

Amend Senate Substitute for House Bill No. 198, Page 39, Section 544.170, Line 12, by inserting after all of said line the following:

"565.030. 1. Where murder in the first degree is charged but not submitted or where the state waives the death penalty, the submission to the trier and all subsequent proceedings in the case shall proceed as in all other criminal cases with a single stage trial in which guilt and punishment are submitted together.

2. Where murder in the first degree is submitted to the trier without a waiver of the death penalty, the trial shall proceed in two stages before the same trier. At the first stage the trier shall decide only whether the defendant is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the trier at the first stage. If an offense is charged other than murder in the first degree in a count together with a count of murder in the first degree, the trial judge shall assess punishment on any such offense according to law, after the defendant is found guilty of such offense and after he finds the defendant to be a prior offender pursuant to chapter 558, RSMo.

3. If murder in the first degree is submitted and the death penalty was not waived but the trier finds the defendant guilty of a lesser homicide, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. No further evidence shall be received. If the trier is a jury it shall be instructed on the law. The attorneys may then argue as in other criminal cases the issue of punishment, after which the trier shall assess and declare the punishment as in all other criminal cases.

4. If the trier at the first stage of a trial where the death penalty was not waived finds the defendant guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. Evidence in aggravation and mitigation of punishment, including but not limited to evidence supporting any of the aggravating or mitigating circumstances listed in subsection 2 or 3 of section 565.032, may be presented subject to the rules of evidence at criminal trials. Such evidence may include, within the discretion of the court, evidence concerning the murder victim and the impact of the crime upon the family of the victim and others. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. If the trier is a jury it shall be instructed on the law. The attorneys may then argue the issue of punishment to the jury, and the state shall have the

right to open and close the argument. The trier shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor:

- (1) If the trier finds by a preponderance of the evidence that the defendant is mentally retarded; or
- (2) If the trier does not find beyond a reasonable doubt at least one of the statutory aggravating circumstances set out in subsection 2 of section 565.032; or
- (3) If the trier concludes that there is evidence in mitigation of punishment, including but not limited to evidence supporting the statutory mitigating circumstances listed in subsection 3 of section 565.032, which is sufficient to outweigh the evidence in aggravation of punishment found by the trier; or
- (4) If the trier decides under all of the circumstances not to assess and declare the punishment at death. If the trier is a jury it shall be so instructed.

If the trier assesses and declares the punishment at death it shall, in its findings or verdict, set out in writing the aggravating circumstance or circumstances listed in subsection 2 of section 565.032 which it found beyond a reasonable doubt. If the trier is a jury [it shall be instructed before the case is submitted that if it] **and** is unable to **unanimously** decide or agree upon **setting** the punishment **at death**, the court shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor [or death]; **and the jury shall be accordingly instructed before the case is submitted**. The court shall follow the same procedure as set out in this section whenever it is required to determine punishment for murder in the first degree.

5. Upon written agreement of the parties and with leave of the court, the issue of the defendant's mental retardation may be taken up by the court and decided prior to trial without prejudicing the defendant's right to have the issue submitted to the trier of fact as provided in subsection 4 of this section.

6. As used in this section, the terms "mental retardation" or "mentally retarded" refer to a condition involving substantial limitations in general functioning characterized by significantly subaverage intellectual functioning with continual extensive related deficits and limitations in two or more adaptive behaviors such as communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure and work, which conditions are manifested and documented before eighteen years of age.

7. The provisions of this section shall only govern offenses committed on or after August 28, [2001] **2003**."; and

"393.1000. As used in sections 393.1000 to 393.1006, the following terms mean:

(1) "Appropriate pretax revenues", the revenues necessary to produce net operating income equal to:

(a) The water corporation's weighted cost of capital multiplied by the net original cost of eligible infrastructure system replacements, including recognition of accumulated deferred income taxes and accumulated depreciation associated with eligible infrastructure system replacements which are included in a currently effective ISRS; and

(b) Recover state, federal, and local income or excise taxes applicable to such income; and

(7) "Water corporation", every corporation, company, association, joint stock company or association, partnership, and person, their lessees, trustees, or receivers appointed by any court whatsoever, owning, operating, controlling, or managing any plant or property, dam or water supply, canal, or power station,

distributing or selling for distribution, or selling or supplying for gain any water to more than ten thousand customers;

(c) Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain provided that the costs related to such projects have not been reimbursed to the water corporation.

393.1003. 1. Notwithstanding any provisions of chapter 386, RSMo, and this chapter to the contrary, as of August 28, 2003, a water corporation providing water service in a county with a charter form of government and with more than one million inhabitants may file a petition and proposed rate schedules with the commission to establish or change ISRS rate schedules that will allow for the adjustment of the water corporation's rates and charges to provide for the recovery of costs for eligible infrastructure system replacements made in such county with a charter form of government and with more than one million inhabitants; provided that an ISRS, on an annualized basis, must produce ISRS revenues of at least one million dollars but not in excess of ten percent of the water corporation's base revenue level approved by the commission in the water corporation's most recent general rate proceeding. An ISRS and any future changes thereto shall be calculated and implemented in accordance with the provisions of sections 393.1000 to 393.1006. ISRS revenues shall be subject to refund based upon a finding and order of the commission, to the extent provided in subsections 5 and 8 of section 393.1006.

2. The commission shall not approve an ISRS for a water corporation in a county with a charter form of government and with more than one million inhabitants that has not had a general rate proceeding decided or dismissed by issuance of a commission order within the past three years, unless the water corporation has filed for or is the subject of a new general rate proceeding.

3. In no event shall a water corporation collect an ISRS for a period exceeding three years unless the water corporation has filed for or is the subject of a new general rate proceeding; provided that the ISRS may be collected until the effective date of new rate schedules established as a result of the new general rate proceeding, or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a commission order without new rates being established.

393.1006. 1. (1) At the time that a water corporation files a petition with the commission seeking to establish or change an ISRS, it shall submit proposed ISRS rate schedules and its supporting documentation regarding the calculation of the proposed ISRS with the petition, and shall serve the office of the public counsel with a copy of its petition, its proposed rate schedules and its supporting documentation.

(2) Upon the filing of a petition, and any associated rate schedules, seeking to establish or change an ISRS, the commission shall publish notice of the filing.

2. (1) When a petition, along with any associated proposed rate schedules, is filed pursuant to the provisions of sections 393.1000 to 393.1006, the commission shall conduct an examination of the proposed ISRS.

(2) The staff of the commission may examine information of the water corporation to confirm that the underlying costs are in accordance with the provisions of sections 393.1000 to 393.1006, and to confirm proper calculation of the proposed charge, and may submit a report regarding its examination to the commission not later than sixty days after the petition is filed. No other revenue requirement or ratemaking issues shall be examined in consideration of the petition or associated proposed rate schedules filed pursuant to the provisions

of sections 393.1000 to 393.1006.

(3) The commission may hold a hearing on the petition and any associated rate schedules and shall issue an order to become effective not later than one hundred twenty days after the petition is filed.

(4) If the commission finds that a petition complies with the requirements of sections 393.1000 to 393.1006, the commission shall enter an order authorizing the water corporation to impose an ISRS that is sufficient to recover appropriate pretax revenues, as determined by the commission pursuant to the provisions of sections 393.1000 to 393.1006.

3. A water corporation may effectuate a change in its rate pursuant to this section no more often than two times every twelve months.

4. In determining the appropriate pretax revenues, the commission shall consider only the following factors:

(1) The current state, federal, and local income or excise tax rates;

(2) The water corporation's actual regulatory capital structure as determined during the most recent general rate proceeding of the water corporation;

(3) The actual cost rates for the water corporation's debt and preferred stock as determined during the most recent general rate proceeding of the water corporation;

(4) The water corporation's cost of common equity as determined during the most recent general rate proceeding of the water corporation;

(5) The current property tax rate or rates applicable to the eligible infrastructure system replacements;

(6) The current depreciation rates applicable to the eligible infrastructure system replacements;

(7) In the event information called for in subdivisions (2), (3), and (4) is unavailable and the commission is not provided with such information on an agreed-upon basis, the commission shall refer to the testimony submitted during the most recent general rate proceeding of the water corporation and use, in lieu of any such unavailable information, the recommended capital structure, recommended cost rates for debt and preferred stock, and recommended cost of common equity that would produce the average weighted cost of capital based upon the various recommendations contained in such testimony.

5. (1) An ISRS shall be calculated based upon the amount of ISRS costs that are eligible for recovery during the period in which the surcharge will be in effect and upon the applicable customer class billing determinants utilized in designing the water corporation's customer rates in its most recent general rate proceeding. The commission shall, however, only allow such surcharges to apply to classes of customers receiving a benefit from the subject water utility plant projects or shall prorate the surcharge according to the benefit received by each class of customers; provided that the ISRS shall be applied in a manner consistent with the customer class cost-of-service study recognized by the commission in the water corporation's most recent general rate proceeding, if applicable, and with the rate design methodology utilized to develop the water corporation's rates resulting from its most recent general rate proceeding.

(2) At the end of each twelve-month calendar period that an ISRS is in effect, the water corporation shall reconcile the differences between the revenues resulting from an ISRS and the appropriate pretax revenues as found by the commission for that period and shall submit the reconciliation and a proposed ISRS adjustment to the commission for approval to recover or refund the difference, as appropriate, through adjustment of an ISRS.

6. (1) A water corporation that has implemented an ISRS pursuant to the provisions of sections 393.1000 to 393.1006 shall file revised rate schedules to reset the ISRS to zero when new base rates and charges become

effective for the water corporation following a commission order establishing customer rates in a general rate proceeding that incorporates in the utility's base rates subject to subsections 8 and 9 of this section eligible costs previously reflected in an ISRS.

(2) Upon the inclusion in a water corporation's base rates subject to subsections 8 and 9 of this section of eligible costs previously reflected in an ISRS, the water corporation shall immediately thereafter reconcile any previously unreconciled ISRS revenues as necessary to ensure that revenues resulting from the ISRS match as closely as possible the appropriate pretax revenues as found by the commission for that period.

7. A water corporation's filing of a petition to establish or change an ISRS pursuant to the provisions of sections 393.1000 to 393.1006 shall not be considered a request for a general increase in the water corporation's base rates and charges.

8. Commission approval of a petition, and any associated rate schedules, to establish or change an ISRS pursuant to the provisions of sections 393.1000 to 393.1006 shall in no way be binding upon the commission in determining the ratemaking treatment to be applied to eligible infrastructure system replacements during a subsequent general rate proceeding when the commission may undertake to review the prudence of such costs. In the event the commission disallows, during a subsequent general rate proceeding, recovery of costs associated with eligible infrastructure system replacements previously included in an ISRS, the water corporation shall offset its ISRS in the future as necessary to recognize and account for any such overcollections.

9. Nothing contained in sections 393.1000 to 393.1006 shall be construed to impair in any way the authority of the commission to review the reasonableness of the rates or charges of a water corporation, including review of the prudence of eligible infrastructure system replacements made by a water corporation, pursuant to the provisions of section 386.390 RSMo.

10. The commission shall have authority to promulgate rules for the implementation of sections 393.1000 to 393.1006, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of sections 393.1000 to 393.1006. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2003, shall be invalid and void.

393.1009. As used in sections 393.1009 to 393.1015, the following terms mean:

(1) "Appropriate pretax revenues", the revenues necessary to produce net operating income equal to:

(a) The gas corporation's weighted cost of capital multiplied by the net original cost of eligible infrastructure system replacements, including recognition of accumulated deferred income taxes and accumulated depreciation associated with eligible infrastructure system replacements which are included in a currently effective ISRS; and

(b) Recover state, federal, and local income or excise taxes applicable to such income; and

(c) Recover all other ISRS costs;

- (5) "Gas utility plant projects", may consist only of the following:**

 - (b) Main relining projects, service line insertion projects, joint encapsulation projects, and other similar projects extending the useful life, or enhancing the integrity of pipeline system components undertaken to comply with state or federal safety requirements; and**
 - (c) Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain provided that the costs related to such projects have not been reimbursed to the gas corporation;**
- (6) "ISRS", infrastructure system replacement surcharge;**

393.1012. 1. Notwithstanding any provisions of chapter 386, RSMo, and this chapter to the contrary, beginning August 28, 2003, a gas corporation providing gas service may file a petition and proposed rate schedules with the commission to establish or change ISRS rate schedules that will allow for the adjustment of the gas corporation's rates and charges to provide for the recovery of costs for eligible infrastructure system replacements. The commission may not approve an ISRS to the extent it would produce total annualized ISRS revenues below the lesser of one million dollars or one-half of one percent of the gas corporation's base revenue level approved by the commission in the gas corporation's most recent general rate proceeding. The commission may not approve an ISRS to the extent it would produce total annualized ISRS revenues exceeding ten percent of the gas corporation's base revenue level approved by the commission in the gas corporation's most recent general rate proceeding. An ISRS and any future changes thereto shall be calculated and implemented in accordance with the provisions of sections 393.1009 to 393.1015. ISRS revenues shall be subject to a refund based upon a finding and order of the commission to the extent provided in subsections 5 and 8 of section 393.1009.

2. The commission shall not approve an ISRS for any gas corporation that has not had a general rate proceeding decided or dismissed by issuance of a commission order within the past three years, unless the gas corporation has filed for or is the subject of a new general rate proceeding.

3. In no event shall a gas corporation collect an ISRS for a period exceeding three years unless the gas corporation has filed for or is the subject of a new general rate proceeding; provided that the ISRS may be

collected until the effective date of new rate schedules established as a result of the new general rate proceeding, or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a commission order without new rates being established.

393.1015. 1. (1) At the time that a gas corporation files a petition with the commission seeking the establish or change an ISRS, it shall submit proposed ISRS rate schedules and its supporting documentation regarding the calculation of the proposed ISRS with the petition, and shall serve the office of the public counsel with a copy of its petition, its proposed rate schedules, and its supporting documentation.

(2) Upon the filing of a petition, and any associated rate schedules, seeking to establish or change an ISRS, the commission shall publish notice of the filing.

2. (1) When a petition, along with any associated proposed rate schedules, is filed pursuant to the provisions of sections 393.1009 to 393.1015, the commission shall conduct an examination of the proposed ISRS.

(2) The staff of the commission may examine information of the gas corporation to confirm that the underlying costs are in accordance with the provisions of sections 393.1009 to 393.1015, and to confirm proper calculation of the proposed charge, and may submit a report regarding its examination to the commission not later than sixty days after the petition is filed. No other revenue requirement or ratemaking issues may be examined in consideration of the petition or associated proposed rate schedules filed pursuant to the provisions of sections 393.1009 to 393.1015.

(3) The commission may hold a hearing on the petition and any associated rate schedules and shall issue an order to become effective not later than one hundred twenty days after the petition is filed.

(4) If the commission finds that a petition complies with the requirements of sections 393.1009 to 393.1015, the commission shall enter an order authorizing the corporation to impose an ISRS that is sufficient to recover appropriate pretax revenue, as determined by the commission pursuant to the provisions of sections 393.1009 to 393.1015.

3. A gas corporation may effectuate a change in its rate pursuant to the provisions of this section no more often than two times every twelve months.

4. In determining the appropriate pretax revenue, the commission shall consider only the following factors:

(1) The current state, federal, and local income tax or excise rates;

(2) The gas corporation's actual regulatory capital structure as determined during the most recent general rate proceeding of the gas corporation;

(3) The actual cost rates for the gas corporation's debt and preferred stock as determined during the most recent general rate proceeding of the gas corporation;

(4) The gas corporation's cost of common equity as determined during the most recent general rate proceeding of the gas corporation;

(5) The current property tax rate or rates applicable to the eligible infrastructure system replacements;

(6) The current depreciation rates applicable to the eligible infrastructure system replacements; and

(7) In the event information pursuant to subdivisions (2), (3), and (4) of this subsection is unavailable and the commission is not provided with such information on an agreed upon basis, the commission shall refer to the testimony submitted during the most recent general rate proceeding of the gas corporation and use, in lieu of any such unavailable information, the recommended capital structure, recommended cost rates for debt and preferred stock, and recommended cost of common equity that would produce the average weighted cost of

capital based upon the various recommendations contained in such testimony.

5. (1) The monthly ISRS charge may be calculated based on a reasonable estimate of billing units in the period in which the charge will be in effect, which shall be conclusively established by dividing the appropriate pretax revenues by the customer numbers reported by the gas corporation in the annual report it most recently filed with the commission pursuant to subdivision (6) of section 393.140, and then further dividing this quotient by twelve. Provided, however, that the monthly ISRS may vary according to customer class and may be calculated based on customer numbers as determined during the most recent general rate proceeding of the gas corporation so long as the monthly ISRS for each customer class maintains a proportional relationship equivalent to the proportional relationship of the monthly customer charge for each customer class.

(2) At the end of each twelve month calendar period the ISRS is in effect, the gas corporation shall reconcile the differences between the revenues resulting from an ISRS and the appropriate pretax revenues as found by the commission for that period and shall submit the reconciliation and a proposed ISRS adjustment to the commission for approval to recover or refund the difference, as appropriate, through adjustments of an ISRS charge.

6. (1) A gas corporation that has implemented an ISRS pursuant to the provisions of sections 393.1009 to 393.1015 shall file revised rate schedules to reset the ISRS to zero when new base rates and charges become effective for the gas corporation following a commission order establishing customer rates in a general rate proceeding that incorporates in the utility's base rates subject to subsections 8 and 9 of this section eligible costs previously reflected in an ISRS.

(2) Upon the inclusion in a gas corporation's base rates subject to subsections 8 and 9 of this section of eligible costs previously reflected in an ISRS, the gas corporation shall immediately thereafter reconcile any previously unreconciled ISRS revenues as necessary to ensure that revenues resulting from the ISRS match as closely as possible the appropriate pretax revenues as found by the commission for that period.

7. A gas corporation's filing of a petition or change an ISRS pursuant to the provisions of sections 393.1009 to 393.1015 shall not be considered a request for a general increase in the gas corporation's base rates and charges.

8. Commission approval of a petition, and any associated rate schedules, to establish or change an ISRS pursuant to the provisions of sections 393.1009 to 393.1015 shall in no way be binding upon the commission in determining the ratemaking treatment to be applied to eligible infrastructure system replacements during a subsequent general rate proceeding when the commission may undertake to review the prudence of such costs. In the event the commission disallows, during a subsequent general rate proceeding, recovery of costs associated with eligible infrastructure system replacements previously included in an ISRS, the gas corporation shall offset its ISRS in the future as necessary to recognize and account for any such overcollections.

9. Nothing in this section shall be construed as limiting the authority of the commission to review and consider infrastructure system replacement costs along with other costs during any general rate proceeding of any gas corporation.

10. Nothing contained in sections 393.1009 to 393.1015 shall be construed to impair in any way the authority of the commission to review the reasonableness of the rates or charges of a gas corporation, including review of the prudence of eligible infrastructure system replacements made by a gas corporation, pursuant to the provisions of section 386.390, RSMo.

11. The commission shall have authority to promulgate rules for the implementation of sections 393.1009 to 393.1015, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of sections 393.1009 to 393.1015. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a

rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2003, shall be invalid and void."; and

Further amend the title and enacting clause accordingly.

Senator Goode moved that the above amendment be adopted.

Senator Kennedy requested a division of the question asking that a vote first be taken on Sections 393.1000, 393.1003 and 393.1006 and that a second vote be taken on Sections 393.1009, 393.1012 and 393.1015, which request was granted.

"393.015. 1. Notwithstanding any other provision of law to the contrary, any sewer corporation, municipality or sewer district established under the provisions of chapter 249 or 250, RSMo, or sections 204.250 to 204.470, RSMo, or any sewer district created and organized pursuant to constitutional authority, may contract with any water corporation[, municipality, or public water supply district established under chapter 247, RSMo,] to terminate water services to any customer premises for nonpayment of a sewer bill. No such termination of water service may occur until thirty days after the sewer corporation, municipality or statutory sewer district or sewer district created and organized pursuant to constitutional authority sends a written notice to the customer by certified mail, except that if the water corporation[, municipality or public water supply district] is performing a combined water and sewer billing service for the sewer corporation, municipality or sewer district, no additional notice or any additional waiting period shall be required other than the notice and waiting period already used by the water corporation[, municipality or public water supply district] to disconnect water service for nonpayment of the water bill. Acting pursuant to a contract, the water corporation[, municipality or public water supply district] shall discontinue water service until such time as the sewer charges and all related costs of termination and reestablishment of sewer and water services are paid by the customer.

2. A water corporation[, municipality, or public water supply district] acting pursuant to a contract with a sewer corporation, municipality or sewer district as provided in subsection 1 of this section shall not be liable for damages related to termination of water services unless such damage is caused by the negligence of such water corporation, [municipality, or public water supply district,] in which case the water corporation[, municipality, or public water supply district] shall be indemnified by the sewer corporation, municipality or sewer district. Unless otherwise specified in the contract, all costs related to the termination and reestablishment of services by the water corporation[, municipality or public water supply district] shall be reimbursed by the sewer corporation, municipality, sewer district or sewer district created and organized pursuant to constitutional authority.

393.018. 1. Notwithstanding any other provision of law to the contrary, any municipality providing water, or any water district established under the provisions of chapter 247, RSMo, shall upon request of any municipality providing sewer service or public sewer district established under the provisions of chapter 249 or 250, RSMo, or sections 204.250 to 204.470, RSMo, contract with such municipality or public sewer district to terminate water services to any customer premises for nonpayment of a sewer bill or establish combined billing for water and sewer services to any customer premises prior to the thirteenth day of May, 2005.

2. In the event that the aforesaid municipality, or water district and the aforesaid municipality or sewer district are unable to reach an agreement as herein provided then the municipality or sewer district making the written request, may file with the circuit court in which the municipality, or water district was incorporated or formed,

3. Upon the filing of such petition, the party filing the petition shall include therein the name of one of the commissioners to be appointed by the court; the other party shall appoint one commissioner within thirty days of the service of the petition upon the second party. If the second party fails to appoint a commissioner within such a time period, the court shall appoint a commissioner on behalf of the second party within forty-five days of service of the petition upon the second party. Such two named commissioners shall agree to appoint a third commissioner within thirty days of the appointment of the second commissioner, but in the event that they fail to agree, the court shall appoint a third disinterested commissioner within forty-five days after appointment of the second commissioner.

4. The commissioners shall draft an agreement between the municipality or water district and the municipality or sewer district meeting the requirements set forth herein. Before drafting such agreement, the parties shall be given an opportunity to present evidence and information pertaining to such agreement at a hearing to be held by the commissioners. Each party shall receive fifteen days written notice of said hearing, however, at any time prior to the date of the hearing, either party may request an automatic thirty day extension by delivering notification in writing to the opposing party and the commissioners. The commissioners shall consider such evidence and information submitted to them and prepare such agreement as provided herein. The hearing may be continued from time to time at the discretion of the commissioners, until such time as both parties have had an opportunity to present evidence therein. Said agreement shall be submitted to the court within forty-five days of the completion of the hearing. The costs of said action shall be paid by the petitioning party, who shall also pay the reasonable costs of the commissioners, if any, as determined by the court.

5. If the court finds that such agreement meets the requirements of this section, then the court shall enter its judgment approving such agreement and order it to become effective not later than sixty days after the date of such judgment. Thereafter the parties shall abide by such agreement. If either party fails to do so, the other party may file an action to compel compliance. Venue shall be in the court issuing the judgment.

6. The judgment and order of the court shall be subject to an appeal as provided by law.

7. No such termination of water service may occur until thirty days after the municipality or sewer district sends a written notice to the customer, except that if the municipality or water district is performing a combined water and sewer billing service for the municipality or sewer district, no additional notice or any additional waiting period shall be required other than the notice and the waiting period already used by the municipality or water district to disconnect water service for the nonpayment of the water bill. Acting pursuant to a contract, the municipality or public water supply district shall discontinue water service until such time as the customer pays the sewer charges and all related costs of termination and reestablishment of sewer and water services in full or payment arrangements have been accepted and approved by the municipality or sewer district.

8. Any municipality or water district disconnecting water services to collect a delinquent sewer charge at the written request of a municipality or sewer district pursuant to an agreement made under this section shall be absolutely immune from civil liability for damages or costs resulting from disconnection in accordance with the terms and conditions of such agreement.

9. Unless otherwise specified in the contract, all costs related to the termination and re-establishment of water service shall be reimbursed by the municipality or sewer district. Such reimbursement may include, but not be limited to, lost revenue and other reasonable expenses incurred as a result of such termination of water service. All costs paid the municipality or sewer district pursuant to the provisions of this section shall be charged to and paid by the customer whose service was terminated."; and

SENATE AMENDMENT NO. 6

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 208, Page 10, Section 386.210, Line 18, by inserting after all of said line the following:

"386.370. 1. The commission shall, prior to the beginning of each fiscal year beginning with the fiscal year commencing on July 1, 1947, make an estimate of the expenses to be incurred by it during such fiscal year reasonably attributable to the regulation of public utilities as provided in chapters 386, 392 and 393, RSMo, and shall also separately estimate the amount of such expenses directly attributable to such regulation of each of the following groups of public utilities: Electrical corporations, gas corporations, water corporations, heating companies and telephone corporations, telegraph corporations, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group.

2. The commission shall allocate to each such group of public utilities the estimated expenses directly attributable to the regulation of such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the preceding calendar year bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission, as aforesaid, during such calendar year. The commission shall then assess the amount so allocated to each group of public utilities, subject to reduction as herein provided, to the public utilities in such group in proportion to their respective gross intrastate operating revenues during the preceding calendar year, except that the [total] **sum of the amount [so]** assessed to all such public utilities **pursuant to this section and the assessment rendered pursuant to section 386.720** shall not exceed [one-fourth] **twenty-four hundredths** of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission.

3. The commission shall render a statement of such assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of said statement, to wit: July fifteenth, October fifteenth, January fifteenth and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

4. The state treasurer shall credit such payments to a special fund, which is hereby created, to be known as "The Public Service Commission Fund", which fund, or its successor fund created pursuant to section 33.571, RSMo, shall be devoted solely to the payment of expenditures actually incurred by the commission and attributable to the regulation of such public utilities subject to the jurisdiction of the commission, as aforesaid. Any amount remaining in such special fund or its successor fund at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the commission in the succeeding fiscal year and shall be applied by the commission to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year.

5. In order to enable the commission to make the allocations and assessments herein provided for, each public utility subject to the jurisdiction of the commission as aforesaid shall file with the commission, within ten days after August 28, 1996, and thereafter on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time aforesaid the commission shall estimate such revenue which estimate shall be binding on such public utility for the purpose of this section.

386.720. 1. Beginning with the fiscal year commencing on July 1, 2003, the commission shall assess public utilities subject to the jurisdiction of the commission for an amount equal to the costs to be incurred by the public counsel reasonably attributable to the performance of duties pursuant to section 386.710. Such amount shall not exceed the amount appropriated for the office of the public counsel for the fiscal year commencing on July 1, 2002, as adjusted on July 1, 2003, and annually thereafter, by the same percentage as the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers (CPI-U) for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency. The commission shall assess such amount to the public utilities subject to the jurisdiction of the commission, subject to reduction as herein provided, in proportion to their respective gross intrastate operating revenues during the preceding calendar year. Any public utility subject to such assessment may recover its proportion of such assessment from customers and may list such recovery as a line item charge on such customers' bills. Customers subject to such a recovery charge shall be billed in proportion to their respective use of such utility's services. The total amount recovered from such customers in any year shall not exceed the utility's annual assessment.

2. The commission shall render annually a statement for the public counsel assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement; except that

any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of such statement, to wit: July fifteenth, October fifteenth, January fifteenth, and April fifteenth. Such statement shall be included with the statement for the assessment rendered pursuant to section 386.370, provided that the amount for the assessment pursuant to this section and the amount for the assessment pursuant to section 386.370 shall be listed as separate line item charges on such statement. The director of revenue shall remit such payments to the state treasurer.

Notwithstanding the provisions of section 33.080, RSMo, any amount remaining in such special fund at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the public counsel in the succeeding fiscal year and shall be applied by the commission to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year. Prior to May sixteenth of each year, the public counsel shall provide the commission with an estimate of the amount that will remain in the public counsel fund at the end of the fiscal year."; and

Provisions of section 307.366, RSMo, to the contrary notwithstanding, the requirements of sections 643.300 to 643.355 shall apply to those areas designated by the commission pursuant to this section in lieu of the provisions of section 307.366, RSMo.

3. (1) The department, with the cooperation and approval of the commissioner of administration, shall select a person or persons to operate an inspection facility or inspection program pursuant to sections 643.300 to 643.355, under a bid procedure or under a negotiated process or a combination thereof based on criteria and expectations established by the department. This process may use either a licensing arrangement or contractual arrangement with the selected party or parties. The selection of persons to operate inspection facilities or inspection programs shall be exempt from the provisions of all site procurement laws. The number of locations shall be no less than the number needed to provide adequate service to customers and establish an emissions inspection program which satisfies the requirements of this section. Each person who is authorized to operate a station pursuant to this section shall be capable of providing adequate and cost-effective service to customers.

(2) Service management, coordination and data processing may be provided by the department or by another person, including a contractor or licensee, based upon the most cost-effective proposal for service.

(3) A license or contract shall be for a period of up to seven years, consistent with the provisions of article IV, section 28 of the Missouri Constitution, and licenses or contracts shall be annually reviewed. (3) The days and daily hours of operation shall include at least those hours specified by the department, which shall include, at a minimum, twelve continuous hours of operation on all weekdays excepting federal holidays, and six continuous hours of operation on all Saturdays excepting federal holidays;

(4) The emissions inspection program shall include a simulated on-road emissions inspection component, including pressure and purge tests, which satisfies the requirements established by regulation of the United States Environmental Protection Agency and may include a visual inspection component;

(5) The inspection stations shall be test-only stations and shall not offer motor vehicle emissions repairs, parts or services of any kind;

(6) No person operating or employed by an emissions inspection station shall repair or maintain motor vehicle emission systems or pollution control devices for compensation of any kind.

5. The commission, the department of economic development and the office of administration shall, in cooperation with the minority business advocacy commission, select the contractor or contractors to provide an inspection program which satisfies the minimum requirements of this section in accordance with the requirements of section 33.752, RSMo, and chapter 34, RSMo. With approval of the commission and pursuant to rules adopted by the commission, any person operating a fleet of five hundred or more motor vehicles may establish one or more additional emissions inspection facilities, which may be either mobile or stationary, to be used solely to inspect motor vehicles owned or leased and operated by the person establishing the facility. The inspections performed in facilities established pursuant to this subsection shall be performed by a contractor selected by the commission pursuant to this section and the contractor performing such inspections shall be responsible solely to the department and shall satisfy all applicable requirements of sections 643.300 to 643.355.

7. Any person who owns Missouri analyzer system emission inspection equipment as defined by rule, used to provide emissions inspections pursuant to section 307.366, RSMo, at a facility located in an area in which an emissions inspection program has been established pursuant to sections 643.300 to 643.355 may, within twelve months of the implementation of an emissions inspection program pursuant to sections 643.300 to 643.355, sell such equipment, to the department of natural resources at current market value as established by an independent appraisal provided that the equipment is fully functional and has been maintained according to all applicable manufacturer's specifications and procedures. The department shall take possession of such equipment and pay such obligations using funds appropriated for that purpose from the Missouri air emission reduction fund.

SENATE AMENDMENT NO. 7

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 598, Page 34, Section 301.463, Line 23 of said page, by inserting after all of said line the following:

"301.567. 1. For purposes of this section, a violation of any of the following advertising standards shall be deemed an attempt by the advertising dealer to obtain a fee or other compensation by fraud, deception or misrepresentation in violation of section 301.562:

(1) A motor vehicle shall not be advertised as new, either by express terms or implication, unless it is a "new motor vehicle" as defined in section 301.550;

(2) When advertising any motor vehicle which is not a new motor vehicle, such advertisement must expressly identify that the motor vehicle is a used motor vehicle by express use of the term "used", or by such other term as is commonly understood to mean that the vehicle is used;

(3) Any terms, conditions, and disclaimers relating to the advertised motor vehicle's price or financing options shall be stated clearly and conspicuously. An asterisk or other reference symbol may be used to point to a disclaimer or other information, but not be used as a means of contradicting or changing the meaning of an advertised statement;

(4) The expiration date, if any, of an advertised sale or vehicle price shall be clearly and conspicuously disclosed. In the absence of such disclosure, the advertised sale or vehicle price shall be deemed effective so long as such vehicles remain in the advertising dealership's inventory;

(5) The terms "list price", "sticker price", or "suggested retail price" shall be used only in reference to the manufacturer's suggested retail price for new motor vehicles, and, if used, shall be accompanied by a clear and conspicuous disclosure that such terms represent the "manufacturer's suggested retail price" of the advertised vehicle;

(6) Terms such as "at cost", "\$..... above cost" shall not be used in advertisements because of the difficulty in determining a dealer's actual net cost at the time of the sale[. Terms such as "invoice price", "\$..... over invoice" may be used, provided that the invoice referred to is the manufacturer's factory invoice for a new motor vehicle and the invoice is available for customer inspection. For purposes of this section, "manufacturer's factory invoice" means that document supplied by the manufacturer to the dealer listing the manufacturer's charge to the dealer before any deduction for holdback, group advertising, factory incentives or rebates, or any governmental charges];

(7) When the price or financing terms of a motor vehicle are advertised, the vehicle shall be fully identified as to year, make, and model. In addition, in advertisements placed by individual dealers and not line-make marketing groups, the advertised price or credit terms shall include all charges which the buyer must pay to the dealer, except buyer-selected options and state and local taxes. If a processing fee or freight or destination charges are not included in the advertised price, the amount of any such processing fee and freight or destination charge must be clearly and conspicuously disclosed within the advertisement;

(8) [Advertisements which offer to match or better any competitors' prices shall not be used;

(9)] Advertisements of "dealer rebates" shall not be used, however, this shall not be deemed to prohibit the advertising of manufacturer rebates, so long as all material terms of such rebates are clearly and conspicuously disclosed;

[(10)] **(9)** "Free", "at no cost" shall not be used if any purchase is required to qualify for the "free" item, merchandise, or service;

[(11)] **(10)** "Bait advertising", in which an advertiser may have no intention to sell at the prices or terms advertised, shall not be used. Bait advertising shall include, but not be limited to, the following examples:

(a) Not having available for sale the advertised motor vehicles at the advertised prices. If a specific vehicle is advertised, the dealer shall be in possession of a reasonable supply of such vehicles, and they shall be available at the advertised price. If the advertised vehicle is available only in limited numbers or only by order, such limitations shall be stated in the advertisement;

(b) Advertising a motor vehicle at a specified price, including such terms as "as low as \$.....", but having available for sale only vehicles equipped with dealer-added cost options which increase the selling price above the advertised price;

[(12)] **(11)** Any reference to monthly payments, down payments, or other reference to financing or leasing information shall be accompanied by a clear and conspicuous disclosure of the following:

(a) Whether the payment or other information relates to a financing or a lease transaction;

(b) If the payment or other information relates to a financing transaction, the minimum down payment, annual percentage interest rate, and number of payments necessary to obtain the advertised payment amount must be disclosed, in addition to any special qualifications required for obtaining the advertised terms including, but not limited to, "first-time buyer" discounts, "college graduate" discounts, and a statement concerning whether the advertised terms are subject to credit approval;

(c) If the payment or other information relates to a lease transaction, the total amount due from the purchaser at signing with such costs broken down and identified by category, lease term expressed in number of months, whether the lease is closed-end or open-end, and total cost to the lessee over the lease term in dollars;

[(13)] **(12)** Any advertisement which states or implies that the advertising dealer has a special arrangement or relationship with the distributor or manufacturer, as compared to similarly situated dealers, shall not be used;

[(14)] **(13)** Any advertisement which, in the circumstances under which it is made or applied, is false, deceptive, or misleading shall not be used;

[(15)] **(14)** No abbreviations for industry words or phrases shall be used in any advertisement unless such abbreviations are accompanied by the fully spelled or spoken words or phrases.

2. The requirements of this section shall apply regardless of whether a dealer advertises by means of print, broadcast, or electronic media, or direct mail.

3. Dealers shall clearly and conspicuously identify themselves in each advertisement by use of a dealership name which complies with subsection 6 of section 301.560."; and

The percentage is the value of the unit consisting of the homestead compared to the total value of the building exclusive of the common elements, if any. If the homestead is located on a farm, the homestead consists of the dwelling house, appurtenances, and the land used in connection therewith, not to exceed five acres;

An individual, or two or more individuals jointly, may elect to defer the property taxes on their homestead by filing a claim for deferral with the county clerk after January first and on or before October fifteenth of the first year in which deferral is claimed if the individual, or, in the case of two or more individuals filing a claim jointly, the older individual, is sixty-two years of age or older on October fifteenth of the year in which the claim is filed.

2. In order to make the election described in subsection 1 of this section, the individual must have, or in case of two or more individuals filing a claim jointly, all of the individuals together must have household income for the calendar year immediately preceding the calendar year in which the claim is filed of less than the maximum upper limit.

7. Nothing in this section shall be construed to require a spouse of an individual to file a claim jointly with the individual even though the spouse may be eligible to claim the deferral jointly with the individual.

8. Any person aggrieved by the denial of a claim for deferral of homestead property taxes or disqualification from deferral of homestead property taxes may appeal in the manner provided for denial of a claim pursuant to section 143.841, RSMo.

135.041. In order to qualify for tax deferral pursuant to sections 135.037 to 135.083, the property must meet all of the following requirements when the claim is filed and thereafter so long as the payment of taxes by the taxpayer is deferred:

3. Notwithstanding any provisions of law to the contrary, the director shall not be required to pay any filing, indexing or recording fees to the county in connection with the recording, release or satisfaction of liens against tax-deferred properties of that county in advance or at the time entry is made.

135.049. 1. Upon determining the amount of deferred taxes on tax-deferred property for the tax year, the director shall pay to the respective county tax collectors an amount equivalent to the deferred taxes less two percent thereof. Payment shall be made from the account established pursuant to section 135.083.

2. The director shall maintain records for each deferred property and shall accrue interest only on the actual amount of taxes advanced to the county.

135.053. 1. At the time that the taxpayer elects to defer property taxes pursuant to sections 135.037 to 135.083 the director of revenue shall estimate the amount of property taxes that will be deferred for a period of five tax years beginning on or after January 1, 2003, or the year of deferral, whichever is later, and interest thereon. Thereafter, the director shall have a lien in the amount of the estimate. Every five years after filing the initial lien, the director shall file an additional lien for an estimate of the amount of property taxes that will be deferred for the next five years, and interest thereon. The liens provided in this subsection shall be considered part of the public record.

2. The liens created pursuant to subsection 1 of this section shall attach to the property to which the election to defer relates on January first of the first tax year in which the lien is filed.

3. The liens created pursuant to subsection 1 of this section in the amount of the estimate shall have the same priority as other real property tax liens except that the liens of mortgages, trust deeds or security interests which are recorded or noted on a certificate of title prior in time to the attachment of the liens for deferred taxes shall be prior to the liens for deferred taxes.

4. If during the period of tax deferment, the amount of taxes, interest and fees exceeds the estimate, the director

shall have a lien for the amount of the excess. The liens for the excess shall attach to the property on January first of the tax year in which the excess occurs. The lien for the excess shall have the same priority as other real property tax liens, except that the lien of mortgages, trust deeds or security interests recorded or noted on any certificate of title prior in time to the date that the director records an amendment to its estimate to reflect its lien for the excess shall be prior to the lien for the excess.

6. A lien created pursuant to this section may be foreclosed by the director pursuant to the law relating to foreclosure in civil suits or any other collection methods given the director of revenue. The court may award reasonable attorney fees to the prevailing party in a foreclosure action pursuant to this section.

7. Receipts from foreclosure proceedings shall be credited in the same manner as other repayments of deferred property taxes pursuant to section 135.083.

8. By means of voluntary payment made as provided pursuant to section 135.067, the taxpayer may limit the amount of the lien for deferred taxes created pursuant to this section. If the taxpayer desires that the limit be reflected in the records of the county, the taxpayer must request, subject to any rules adopted by the director, that the director cause a partial satisfaction of the lien to be recorded in the county. Upon receipt of such a request, the director shall cause a partial satisfaction, in the amount of the voluntary payment, to be so recorded. Nothing in this subsection shall affect the priority of the liens of the director, as originally created pursuant to subsections 1 and 4 of this section.

9. Nothing in this section shall affect any lien arising pursuant to sections 135.037 to 135.083 for taxes assessed before January 1, 2003.

135.059. Subject to section 135.063, all deferred property taxes, including accrued interest, become payable as provided in section 135.061 when:

(1) The taxpayer who claimed deferment of collection of property taxes on the homestead dies or, if there was more than one claimant, the survivor of the taxpayers who originally claimed deferment of collection of property taxes pursuant to section 135.039 dies;

(2) Except as provided in section 135.057, the property with respect to which deferment of collection of taxes is claimed is sold, or some person other than the taxpayer who claimed the deferment becomes the owner of the property;

(3) The tax-deferred property is no longer the homestead of the taxpayer who claimed the deferral, except in the case of a taxpayer required to be absent from such tax-deferred property by reason of health;

(4) The tax-deferred property, a manufactured structure or floating home, is moved out of the state.

135.061. 1. Whenever any of the circumstances listed in section 135.059 occurs:

(1) The deferral of taxes for the assessment year in which the circumstance occurs shall continue for such assessment year; and

(2) The amounts of deferred property taxes, including accrued interest, for all years shall be due and payable on the date of closing or the date of probate to the director of revenue, except as provided in subsection 3 of this section, section 135.063 and section 135.075.

2. Notwithstanding the provisions of subsection 1 of this section and section 135.075, when the circumstances occur listed in subsection 4 of section 135.059, the amount of deferred taxes shall be due and payable five days before the date of removal of the property from the state.

3. If the amounts falling due as provided in this section are not paid on the indicated due date, or as extended pursuant to section 135.075, such amounts shall be deemed delinquent as of that date and the property shall be subject to foreclosure as provided in section 135.053.

135.063. 1. Notwithstanding the provisions of section 135.059, when one of the circumstances listed in section 135.059 occurs, the spouse who was not eligible to or did not file a claim jointly with the taxpayer may continue the property in its deferred tax status by filing a claim within the time and in the manner provided pursuant to section 135.039 if:

(1) The spouse of the taxpayer is or will be sixty years of age or older not later than six months from the day the circumstance listed in section 135.059 occurs; and

(2) The property is the homestead of the spouse of the taxpayer and meets the requirements of subsection 2 of section 135.041.

2. A spouse who does not meet the age requirements of subsection 1 of this section but is otherwise qualified to continue the property in its tax-deferred status pursuant to subsection 1 of this section may continue the deferral of property taxes deferred for previous years by filing a claim within the time and in the manner provided pursuant to section 135.039. If a spouse eligible for and continuing the deferral of taxes previously deferred pursuant to this subsection becomes sixty-two years of age prior to October fifteenth of any year, the spouse may elect to continue the deferral of previous years' taxes deferred pursuant to this subsection and may elect to defer the current assessment year's taxes on the homestead by filing a claim within the time and in the manner provided pursuant to section 135.039. Thereafter, payment of the taxes levied on the homestead and deferred pursuant to this subsection and payment of taxes levied on the homestead in the current assessment year and in future years may be deferred in the manner provided in and subject to sections 135.037 to 135.083.

3. Notwithstanding that section 135.039 requires that a claim be filed no later than October fifteenth, if the director of revenue determines that good and sufficient cause exists for the failure of a spouse to file a claim pursuant to this section on or before October fifteenth, the claim may be filed within one hundred eighty days after notice of taxes due and payable pursuant to section 135.037 is mailed or delivered by the director to the taxpayer or taxpayers.

135.065. 1. Notwithstanding the provisions of section 135.039 or any other provision of sections 135.037 to 135.083, if the individual or, in the case of two or more individuals electing to defer property taxes jointly, all of the individuals together, or the spouse who has filed a claim pursuant to section 135.063, has household income that exceeds the maximum upper limit for the tax year that began in the previous calendar year, then for the tax year next beginning, the amount of taxes for which deferral is allowed shall be reduced by fifty cents for each dollar of household income in excess of the maximum upper limit or if that income exceeds the maximum upper limit by a factor of two, the property taxes shall not be deferred.

2. Prior to December first of each year, the director of revenue shall review returns filed pursuant to chapter 143, RSMo, to determine if subsection 1 of this section is applicable for a homestead for the tax year next beginning. If subsection 1 of this section is applicable, the director shall notify by mail the taxpayer or taxpayers electing deferral, and the taxes otherwise to be deferred for the tax year next beginning shall be reduced as provided in subsection 1 of this section or, if household income in excess of the maximum upper limit exceeds the maximum upper limit by a factor of two, the property taxes shall not be deferred.

3. If the taxpayer or taxpayers does not file a return for purposes of chapter 143, RSMo, and the director has reason to believe that the federal adjusted gross income of the taxpayer or taxpayers exceeds the maximum upper limit for the tax year that began in the previous calendar year, the director shall notify by mail the taxpayer or taxpayers electing deferral. If, within thirty days after the notice is mailed, the taxpayer or

taxpayers does not file a return pursuant to chapter 143, RSMo, or otherwise satisfy the director that household income does not exceed the maximum upper limit, the director shall again notify the taxpayer or taxpayers, and the taxes otherwise to be deferred for the tax year next beginning shall not be deferred.

4. Nothing in this section shall affect the continued deferral of taxes that have been deferred for tax years beginning prior to the tax year next beginning or the right to deferral of taxes for a tax year beginning after the tax year next beginning if subsection 1 of this section is not applicable for that tax year for the homestead.

5. If, after an initial determination pursuant to this section has been made by the director, upon audit or examination or otherwise, it is discovered that the taxpayer or taxpayers had household income in excess of the limitation provided pursuant to subsection 1 of this section, the director shall determine the amount of taxes deferred that should not have been deferred and give notice to the taxpayer or taxpayers of the amount of taxes that should not have been deferred. The provisions of chapter 143, RSMo, shall apply to a determination of the director pursuant to this section in the same manner as those provisions are applicable to an income tax deficiency. The amount of deferred taxes that should not have been deferred shall bear interest from the date paid by the director until paid at the rate of six percent. A deficiency shall not be assessed pursuant to this section if notice required pursuant to this section is not given to the taxpayer or taxpayers within three years after the date that the director has paid the deferred taxes to the county. Upon payment of the amount assessed as deficiency, and interest, the department shall execute a release in the amount of the payment and the release shall be conclusive evidence of the removal and extinguishment of the lien pursuant to sections 135.037 to 135.083 to the extent of the payment.

6. If, after an initial determination pursuant to this section has been made by the director, upon claim for refund, audit or examination or otherwise, it is discovered that the taxpayer or taxpayers had household income in the amount of or less than the limitation provided pursuant to subsection 1 of this section, the director shall determine the amount of taxes deferred that should have been deferred and give notice to the taxpayer or taxpayers of the amount of taxes that should have been deferred. The provisions of chapter 143, RSMo, shall apply to a determination of the director pursuant to this section in the same manner as those provisions are applicable to an income tax refund. The amount of the taxes that should have been deferred shall bear interest from the date paid by the taxpayer to the county at the rate established by the director of the director of revenue for refunds until paid. Claim for refund pursuant to this subsection must be filed within three years after the earliest date that the taxpayer or taxpayers is notified by the director that the taxes are not deferred.

7. This section applies to all tax-deferred property, notwithstanding that election to defer taxes is made pursuant to sections 135.037 to 135.083 before or after January 1, 2003.

135.066. Any taxpayer or taxpayers who have a household income of up to twice the maximum upper limit who have been precluded from deferring any portion of their property tax due to their household income being in excess of the maximum upper limit, may qualify for a deferral of the amount of property tax which has increased on their homestead since January first in the base year. Pursuant to the provisions of this section, the term "base year" shall mean the year beginning January first after the sixty-second birthday of the person otherwise qualified to claim the deferral pursuant to sections 135.037 to 135.083, however, base year shall not mean any year prior to the year beginning January 1, 2003. Such deferral shall be subject to the provisions of sections 135.037 to 135.083 as if it were a deferral pursuant to section 135.039.

135.067. 1. All payments of deferred taxes shall be made to the director of revenue.

2. Subject to subsection 3 of this section, all or part of the deferred taxes and accrued interest may at any time be paid to the director by:

(1) The taxpayer or the spouse of the taxpayer;

(2) The next of kin of the taxpayer, heir at law of the taxpayer, child of the taxpayer or any person having or claiming a legal or equitable interest in the property.

3. A person listed in subdivision (2) of subsection 2 of this section may make such payments only if no objection is made by the taxpayer within thirty days after the director deposits in the mail notice to the taxpayer of the fact that such payment has been tendered.

4. Any payment made pursuant to this section shall be applied first against accrued interest and any remainder against the deferred taxes. Such payment does not affect the deferred tax status of the property. Unless otherwise provided by law, such payment does not give the person paying the taxes any interest in the property or any claim against the estate, in the absence of a valid agreement to the contrary.

5. The provisions of subsection 4 of this section notwithstanding, if any taxpayer in the deferral program pays part or all of the current year property tax liability in a timely manner, such payment shall be applied against the principal of the deferred taxes and then against any interest, if applicable.

6. When the deferred taxes and accrued interest are paid in full and the property is no longer subject to deferral, the director shall prepare and record in the county in which the property is located a satisfaction of deferred property tax lien.

135.073. 1. If the property on which taxes have been deferred is deeded over to the county at the conclusion of the foreclosure proceedings pursuant to chapter 141, RSMo, the county governing body shall order the county treasurer to pay to the director of revenue from the combined tax collections account the amount of deferred taxes and interest which were not collected by the director of revenue, which payment shall not exceed the amount collected by the foreclosure proceedings minus reasonable expenses incurred by the county as a result of the foreclosure process.

2. Immediately upon payment, the county treasurer shall notify the tax collector of the amount paid to the director for the property which has been deeded to the county.

135.075. 1. If the taxpayer who claimed homestead property tax deferral dies, or if a spouse who continued the deferral pursuant to section 135.063 dies, the director of revenue may extend the time for payment of the deferred taxes and interest accruing with respect to the taxes becoming due and payable pursuant to subsection 2 of section 135.061 where:

(1) The homestead property becomes property of an individual or individuals:

(a) By inheritance or devise; or

(b) If the individual or individuals are heirs or devisees, as defined pursuant to section 472.010, RSMo, in the course of settlement of the estate;

(2) The individual or individuals commence occupancy of the property as a principal residence on or before February fifteenth of the calendar year following the calendar year of death; and

(3) The individual or individuals make application to the director for an extension of time for payment of the deferred taxes and interest prior to February fifteenth of the calendar year following the calendar year of death.

2. (1) Subject to subdivision (2) of this subsection, an extension granted pursuant to this section shall be for a period not to exceed five years after February fifteenth of the calendar year following the calendar year of death. The terms and conditions under which the extension is granted shall be in accordance with a written agreement entered into by the director and the individual or individuals.

(2) An extension granted pursuant to this section shall terminate immediately if:

(a) The homestead property is sold or otherwise transferred by any party to the extension agreement;

(b) All of the heirs or devisees who are parties to the extension agreement cease to occupy the property as a principal residence; or

(c) The homestead property, a manufactured structure or floating home, is moved out of the state.

3. If the director has reason to believe that the homestead property is not sufficient security for the deferred taxes and interest, the director may require the individual or individuals to furnish a bond conditioned upon payment of the amount extended in accordance with the terms of the extension. The bond shall not exceed an amount double the taxes with respect to which tax extension is granted.

4. During the period of extension, and until paid, the deferred taxes shall continue to accrue interest in the same manner and at the same rate as provided pursuant to subsection 3 of section 135.045. No interest shall accrue upon interest.

5. When any taxpayer who claimed homestead property tax deferral dies, the spouse, heirs and devisees, as defined pursuant to section 472.010, RSMo, shall within sixty days notify in writing the director of the taxpayer's death. Notification of the director by one of the aforementioned parties shall satisfy the requirements of this subsection.

135.077. Nothing in section 135.037 to 135.083 is intended to or shall be construed to:

- (1) Prevent the collection, by foreclosure, of property taxes which become a lien against tax-deferred property;**
- (2) Defer payment of special assessments to benefitted property which assessments do not appear on the assessment and tax roll;**
- (3) Affect any provision of any mortgage or other instrument relating to land requiring a person to pay property taxes.**

135.079. After August 28, 2003, it shall be unlawful for any mortgage trust deed or land sale contract to contain a clause or statement which prohibits the owner from applying for the benefits of the deferral of homestead property taxes provided in sections 135.037 to 135.083. Any such clause or statement in a mortgage trust deed or land sale contract executed after August 28, 2003, shall be void.

135.083. 1. There is hereby established in the state treasury the "Senior Property Tax Deferral Revolving Account" to be used by the director of revenue for the purpose of making the payments to:

- (1) County tax collectors of property taxes deferred for tax years beginning on or after January 1, 2003, as required by section 135.049;**
- (2) The director for expenses to administer the property tax and special assessment senior deferral programs.**

2. The funds necessary to make payments pursuant to subsection 1 of this section shall be advanced annually to the director.

3. The senior property tax deferral revolving account may include a reserve for payment of department administrative expenses.

4. All sums of money received by the director of revenue pursuant to sections 135.037 to 135.083 as repayments of deferred property taxes including the interest accrued pursuant to subsection 3 of section 135.045 shall, upon receipt, be credited to the revolving account for the purposes set forth in sections 135.037 to 135.083 subject to appropriations.

5. If there is not sufficient money in the revolving account to make the payments required by subsection 1 of this section, an amount sufficient to make the required payments may be transferred by appropriations from

the general revenue fund to the revolving account.

6. When the department determines that moneys in sufficient amounts are available in the revolving account, the director shall repay to the general revenue fund the amounts advanced pursuant to subsection 2 of this section or if no such transfer is made by the director, the general assembly may transfer excess funds from the revolving account to the general revenue fund. The moneys used to repay the general revenue fund pursuant to this section shall not be considered as part of the calculation of total state revenue. The provisions of section 33.080, RSMo, to the contrary notwithstanding, moneys in the revolving account shall not lapse to general revenue.

7. If there are insufficient funds in the general revenue to provide the necessary funding to the revolving account established in this section, the commissioner of administration may issue revenue bonds pursuant to sections 1 to 6 of this act."; and

Further amend said bill, page 8, Section 208.565, line 7, by inserting immediately after said line the following:

"Section 1. As used in sections 1 to 6 of this act, the following words and phrases mean:

(1) "Commissioner", the commissioner of administration;

(2) "Revenue bonds", bonds issued hereunder for the purposes herein authorized and payable, both as to principal and interest, solely and only out of the net income and revenues arising from the operation of the revolving account for which the bonds are issued after providing revenue for such revolving account;

(3) "Revolving account", the senior property tax deferral revolving account established pursuant to section 135.083, RSMo.

Section 2. For the purpose of providing funds for the revolving account, the commissioner may issue and sell revenue bonds, as herein defined, in an amount not to exceed the estimated revenue required to reasonably maintain the revolving account, including costs necessarily incidental thereto. At the time of the issuance of the bonds, the commissioner shall pledge the net income and revenues of the revolving account to the payment of the bonds, both principal and interest, and shall covenant to fix, maintain and collect the reasonable rates and charges for the use of the revolving account that in the judgment of the commissioner will provide revenues sufficient to pay the reasonable cost of operating and maintaining the revolving account; to provide and maintain an interest and sinking fund in an amount adequate promptly to pay the principal of and interest on such bonds; to provide a reasonable reserve fund; and to provide a reasonable fund for depreciation.

Section 3. Any bonds issued under and pursuant to sections 1 to 6 of this act shall not be deemed to be an indebtedness of the state of Missouri or of the commissioner, or of the individual members of the office of administration, and shall not be deemed to be an indebtedness within the meaning of any constitutional or statutory limitation upon the incurring of indebtedness.

Section 4. 1. Bonds issued under and pursuant to the provisions of sections 1 to 6 of this act shall be of such denomination or denominations, shall bear such rate or rates of interest not to exceed fifteen percent per annum, and shall mature at such time or times within forty years from the date thereof, as the commissioner determines. The bonds may be either serial bonds or term bonds.

2. Serial bonds may be issued with or without the reservation of the right to call them for payment and redemption in advance of their maturity, upon the giving of such notice, and with or without a covenant requiring the payment of a premium in the event of such payment and redemption prior to maturity, as the commissioner determines.

3. Term bonds shall contain a reservation of the right to call them for payment and redemption prior to maturity at such time or times and upon the giving of such notice, and upon the payment of such premium, if any, as the commissioner determines.

4. The bonds, when issued, shall be sold at public sale for the best price obtainable after giving such reasonable notice of such sale as may be determined by the commissioner, but in no event shall such bonds be sold for less than ninety-eight percent of the par value thereof, and accrued interest. Any such bonds may be sold to the United States of America or to any agency or instrumentality thereof, at a price not less than par and accrued interest, without public sale and without the giving of notice as herein provided.

5. The bonds, when issued and sold, shall be negotiable instruments within the meaning of the law merchant and the negotiable instruments law, and the interest thereon shall be exempt from income taxes under the laws of the state of Missouri.

Section 5. 1. The revenue bonds issued pursuant to the provisions of sections 1 to 6 of this act may be refunded, in whole or in part, in any of the following circumstances:

(1) When any such bonds have by their terms become due and payable and there are not sufficient funds in the interest and sinking fund provided for their payment to pay such bonds and the interest thereon;

(2) When any such bonds are by their terms callable for payment and redemption in advance of their date of maturity and are duly called for payment and redemption;

(3) When any such bonds are voluntarily surrendered by the holder or holders thereof for exchange for refunding bonds.

2. For the purpose of refunding any bonds issued hereunder, including refunding bonds, the commissioner may make and issue refunding bonds in the amount necessary to pay off and redeem the bonds to be refunded together with unpaid and past due interest thereon and any premium which may be due under the terms of the bonds, together also with the cost of issuing the refunding bonds, and may sell the same in like manner as is herein provided for the sale of revenue bonds, and with the proceeds thereof pay off, redeem and cancel the old bonds and coupons that have matured, or the bonds that have been called for payment and redemption, together with the past due interest and the premium, if any, due thereon, or the bonds may be issued and delivered in exchange for a like par value amount of bonds to refund which the refunding bonds were issued. No refunding bonds issued pursuant to the provisions of sections 1 to 6 of this act shall be payable in more than forty years from the date thereof or shall bear interest at a rate in excess of six percent per annum.

3. The refunding bonds shall be payable from the same sources as were pledged to the payment of the bonds refunded thereby and, in the discretion of the commissioner, may be payable from any other sources which under sections 1 to 6 of this act may be pledged to the payment of revenue bonds issued hereunder. Bonds of two or more issues may be refunded by a single issue of refunding bonds.

Section 6. The commissioner may prescribe the form, details and incidents of the bonds, and make the covenants that in the commissioner's judgment are advisable or necessary properly to secure the payment thereof; but the form, details, incidents and covenants shall not be inconsistent with any of the provisions of sections 1 to 6 of this act. Such bonds may have the seal of the commissioner impressed thereon or affixed thereto or imprinted or otherwise reproduced thereon. If such bonds shall be authenticated by the bank or trust company acting as registrar for such bonds by the manual signature of a duly authorized officer or employee thereof, the duly authorized officers of the commissioner executing and attesting such bonds, may all do so by facsimile signature provided such signatures have been duly filed as provided in the uniform facsimile signature of public officials law, sections 105.273 to 105.278, RSMo, when duly authorized by resolution of the commissioner and the provisions of section 108.175, RSMo, shall not apply to such bonds. The holder or holders of any bond or bonds issued hereunder or of any coupons representing interest accrued thereon may, by proper civil action either at law or in equity, compel the commissioner to perform all duties imposed upon him or her by the provisions of sections 1 to 6 of this act, including the making and collecting of sufficient rates and charges for the use of the project for which the bonds were issued, and also to enforce the performance of any and all other covenants made by the commissioner in the issuance of the bonds."; and

Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-FOURTH DAY--THURSDAY, MAY 15, 2003

The Senate met pursuant to adjournment.

Senator Shields in the Chair.

Reverend Carl Gauck offered the following prayer:

"As we have therefore opportunity, let us do good unto all men." (Galatians 6:10)

Almighty God, as we go through this day may we be open to speak the words or provide the means that encourage our neighbor so they may not falter but be able to stand firm and faithful. Moreover, may we express gratitude to those who so faithfully serve us and we take, too often, for granted. And we pray for Senator Klindt and his family at the death of his mother and for Representative Miller and his family at the death of his father. We pray, Lord, that You may walk with them, comfort them with the memory of Your goodness, and sustain them in their grief. In Your Holy Name, we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The summons must also include instructions on how to dispose of the violation through court appearance or payment of the fine and costs.

SENATE AMENDMENT NO. 13

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 327, Page 61, Section 301.069, Line 24 of said page, by inserting after all of said line the following:

"301.567. 1. For purposes of this section, a violation of any of the following advertising standards shall be deemed an attempt by the advertising dealer to obtain a fee or other compensation by fraud, deception or misrepresentation in violation of section 301.562:

(1) A motor vehicle shall not be advertised as new, either by express terms or implication, unless it is a "new motor vehicle" as defined in section 301.550;

(2) When advertising any motor vehicle which is not a new motor vehicle, such advertisement must expressly identify that the motor vehicle is a used motor vehicle by express use of the term "used", or by such other term as is commonly understood to mean that the vehicle is used;

(3) Any terms, conditions, and disclaimers relating to the advertised motor vehicle's price or financing options shall be stated clearly and conspicuously. An asterisk or other reference symbol may be used to point to a disclaimer or other information, but not be used as a means of contradicting or changing the meaning of an advertised statement;

(4) The expiration date, if any, of an advertised sale or vehicle price shall be clearly and conspicuously disclosed. In the absence of such disclosure, the advertised sale or vehicle price shall be deemed effective so long as such vehicles remain in the advertising dealership's inventory;

(5) The terms "list price", "sticker price", or "suggested retail price" shall be used only in reference to the manufacturer's suggested retail price for new motor vehicles, and, if used, shall be accompanied by a clear and conspicuous disclosure that such terms represent the "manufacturer's suggested retail price" of the advertised vehicle;

(6) Terms such as "at cost", "\$..... above cost" shall not be used in advertisements because of the difficulty in determining a dealer's actual net cost at the time of the sale[. Terms such as "invoice price", "\$..... over invoice" may be used, provided that the invoice referred to is the manufacturer's factory invoice for a new motor vehicle and the invoice is available for customer inspection. For purposes of this section, "manufacturer's factory invoice" means that document supplied by the manufacturer to the dealer listing the manufacturer's charge to the dealer before any deduction for holdback, group advertising, factory incentives or rebates, or any governmental charges];

(7) When the price or financing terms of a motor vehicle are advertised, the vehicle shall be fully identified as to year, make, and model. In addition, in advertisements placed by individual dealers and not line-make marketing groups, the advertised price or credit terms shall include all charges which the buyer must pay to the dealer, except buyer-selected options and state and local taxes. If a processing fee or freight or destination charges are not included in the advertised price, the amount of any such processing fee and freight or destination charge must be clearly and conspicuously disclosed within the advertisement;

(8) [Advertisements which offer to match or better any competitors' prices shall not be used;

(9)] Advertisements of "dealer rebates" shall not be used, however, this shall not be deemed to prohibit the advertising of manufacturer rebates, so long as all material terms of such rebates are clearly and conspicuously disclosed;

[(10)] (9) "Free", "at no cost" shall not be used if any purchase is required to qualify for the "free" item, merchandise, or service;

[(11)] (10) "Bait advertising", in which an advertiser may have no intention to sell at the prices or terms advertised, shall not be used. Bait advertising shall include, but not be limited to, the following examples:

(a) Not having available for sale the advertised motor vehicles at the advertised prices. If a specific vehicle is advertised, the dealer shall be in possession of a reasonable supply of such vehicles, and they shall be available at the advertised price. If the advertised vehicle is available only in limited numbers or only by order, such limitations shall be stated in the advertisement;

(b) Advertising a motor vehicle at a specified price, including such terms as "as low as \$.....", but having available for sale only vehicles equipped with dealer-added cost options which increase the selling price above the advertised price;

[(12)] (11) Any reference to monthly payments, down payments, or other reference to financing or leasing information shall be accompanied by a clear and conspicuous disclosure of the following:

(a) Whether the payment or other information relates to a financing or a lease transaction;

(b) If the payment or other information relates to a financing transaction, the minimum down payment, annual percentage interest rate, and number of payments necessary to obtain the advertised payment amount must be disclosed, in addition to any special qualifications required for obtaining the advertised terms including, but not limited to, "first-time buyer" discounts, "college graduate" discounts, and a statement concerning whether the advertised terms are subject to credit approval;

(c) If the payment or other information relates to a lease transaction, the total amount due from the purchaser at signing with such costs broken down and identified by category, lease term expressed in number of months, whether the lease is closed-end or open-end, and total cost to the lessee over the lease term in dollars;

[(13)] (12) Any advertisement which states or implies that the advertising dealer has a special arrangement or relationship with the distributor or manufacturer, as compared to similarly situated dealers, shall not be used;

[(14)] (13) Any advertisement which, in the circumstances under which it is made or applied, is false, deceptive, or misleading shall not be used;

[(15)] (14) No abbreviations for industry words or phrases shall be used in any advertisement unless such abbreviations are accompanied by the fully spelled or spoken words or phrases.

2. The requirements of this section shall apply regardless of whether a dealer advertises by means of print, broadcast, or electronic media, or direct mail.

3. Dealers shall clearly and conspicuously identify themselves in each advertisement by use of a dealership name which complies with subsection 6 of section 301.560."; and

Further amend the title and enacting clause accordingly.

2. When two vehicles enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the driver of the vehicle on the right. This subsection shall not apply to vehicles approaching each other from opposite directions when the driver of one of such vehicles is attempting to or is making a left turn.

3. The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

4. **(1)** The state highways and transportation commission with reference to state highways and local authorities with reference to other highways under their jurisdiction may designate through highways and erect stop signs or yield signs at specified entrances thereto, or may designate any intersection as a stop intersection or as a yield intersection and erect stop signs or yield signs at one or more entrances to such intersection.

(a) Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection, indicated by a stop sign, shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic in the intersecting roadway before entering the intersection. 7. The state highways and transportation commission or local authorities with respect to roads under their respective jurisdictions, on any section where construction or major maintenance operations are being effected, may fix a speed limit in such areas by posting of appropriate signs, and the operation of a motor vehicle in excess of such speed limit in the area so posted shall be deemed prima facie evidence of careless and imprudent driving and a violation of section 304.010.

8. Notwithstanding the provisions of section 304.361, violation of this section shall be deemed a class C misdemeanor.

9. In addition to the penalty specified in subsection 8 of this section any person who pleads guilty to or is found guilty of a violation of this section in which the offender is found to have caused physical injury, there shall be assessed a surcharge of up to two hundred dollars. 644.603. For the purposes of sections 644.600 to 644.655, the following terms mean:

(1) "Animal feeding operation" or "AFO", a lot or facility, other than an aquatic animal production facility, where the following conditions are met:

(a) Animals, other than aquatic animals, have been, are, or will be stabled or confined and fed or maintained for a total of forty-five days or more in any twelve-month period; and

(b) Crops, vegetation, forage growth, or post-harvest residues are not sustained in the normal growing season over any portion of the lot or facility;

(3) "Class IA", any concentrated animal feeding operation with a capacity of at least seven times the number of animals as described in the definition of a large concentrated animal feeding operation as that term is defined in 40 C.F.R. Section 122.23(b)(4) as of April 14, 2003;

(4) "Class IB", any concentrated animal feeding operation with a capacity of at least three but less than seven times the number of animals as described in the definition of a large concentrated animal feeding operation as that term is defined in 40 C.F.R. Section 122.23(b)(4) as of April 14, 2003;

(5) "Class IC", any concentrated animal feeding operation with a capacity of at least one but less than three times the number of animals as described in the definition of a large concentrated animal feeding operation as that term is defined in 40 C.F.R. Section 122.23(b)(4) as of April 14, 2003;

(6) "Class II", the same meaning as a medium concentrated animal feeding operation as that term is defined in 40 C.F.R. Section 122.23(b)(6) as of April 14, 2003;

(7) "Concentrated animal feeding operation" or "CAFO", an AFO that is defined as a class I CAFO or class II CAFO, or is designated as a CAFO in accordance with subsection 2 of section 644.610. Two or more AFOs under common ownership are considered to be a single AFO for the purposes of determining the number of

animals at an operation if such AFOs adjoin each other or use a common area or system for the disposal of waste;

(8) "Department", the department of natural resources;

(9) "Facility", any class IA concentrated animal feeding operation which uses a flush system;

(10) "Flush system", an automated system of moving or removing manure utilizing liquid as the primary agent as opposed to a primarily mechanical or manually operated system such as a pull plug or scraper system;

(11) "Liquified animal waste handling facility", any concentrated animal feeding operation that stores animal waste in a lagoon, including all gravity outfall lines, recycle pump stations, and recycle force mains;

(12) "Sensitive areas", areas in the watershed located within five miles upstream of any stream or river drinking water intake structure, other than those intake structures on the Missouri and Mississippi rivers.

644.610. 1. The clean water commission shall have the authority and jurisdiction to regulate the establishment, permitting, design, construction, operation, and management of any class I concentrated animal feeding operation. The clean water commission shall promulgate rules regulating the establishment, permitting, design, construction, operation, and management of any class I concentrated animal feeding operations. Such rules may require monitoring wells on a site-specific basis when, in the determination of the division of geological survey and resource assessment, class IA concentrated animal feeding operation lagoons are located in hydrologically sensitive areas where the quality of groundwater may be compromised. Such rules and regulations shall be designed to afford a prudent degree of environmental protection while accommodating modern agricultural practices.

2. The department may designate an AFO as a concentrated animal feeding operation upon determining that it is a significant contributor of pollutants to waters of the state.

(1) In making this designation, the department shall consider the following factors:

(a) The size of the AFO and the amount of wastes reaching waters of the state;

(b) The location of the AFO relative to waters of the state;

(c) The means of conveyance of animal wastes and process wastes into waters of the state;

(d) The slope, vegetation, rainfall, and other factors affecting the likelihood or frequency of discharge of animal wastes manure and process waste into waters of the state; and

(e) Other relevant factors.

(2) No AFO shall be designated under this subsection unless the department has conducted an on-site inspection of the operation and determined that the operation should and could be regulated as a concentrated animal feeding operation. In addition, no AFO with numbers of animals below a class II concentrated animal feeding operation shall be designated as a CAFO.

644.615. 1. Prior to filing an application to acquire a construction permit from the department for a new facility or for an increase of animal units to an existing facility, the owner or operator of any class IA concentrated animal feeding operation shall provide the following information to the department, to the county governing body, and to all adjoining property owners of property located within one and one-half times the buffer distance as specified in subsection 4 of section 644.610:

(1) The number of animals anticipated at such IA facility;

(2) A general description of the waste handling plan and layout of the facility;

(3) The location and number of acres of such facility;

(4) Name, address, telephone number, and registered agent or other appropriate contact for further information as it relates to subdivisions (1) to (3) of this subsection;

(5) A statement explaining that the department will accept written comments from the public for a period of thirty days after the department places the draft permit on public notice; and

(6) The address of the department's regional or state office.

2. The department shall require proof of such notification prior to processing an application for a construction permit. Proof of notification shall consist of a statement certifying that the notification was accomplished by mailing a letter to the department, the county governing body, and to all adjoining property owners as described in subsection 1 of this section at their last known address as maintained by the county assessor's office.

3. The department shall not issue a permit to a facility described in subsection 1 of this section to engage in any activity regulated by the department unless the applicant is substantially in compliance with sections 644.600 to 644.655.

4. The department shall issue a permit or respond with a letter of comment to permit applicants within forty-five days of receiving a completed permit application.

644.617. Notwithstanding any other provision of law to the contrary, any corporation or cooperative engaged in farming, as defined in section 350.010, RSMo, shall not be eligible for any state tax credits, deductions, state grants, loans, or other financial or economic assistance, unless a family farm or a family farm corporation, as defined in section 350.010, RSMo, receives such credits, deductions, grants, loans, or other assistance. This section does not apply to agricultural processing or food processing facilities.

644.625. 1. The owner or operator of any class IA liquified animal waste handling facility utilizing a flush system shall employ one or more persons who shall visually inspect the liquified animal waste handling facility for unauthorized discharge and structural integrity of any lagoon with a water level less than eighteen inches below the emergency spillway at least every twelve hours with a deviation of not to exceed three hours. The owner or operator of the facility shall keep records of each inspection. Such records shall be retained for three years. The department shall provide or approve a form provided by the owner or operator for each facility for such inspections.

2. All new construction permits for liquified animal waste handling facilities utilizing a flush system shall have an electronic or mechanical shutoff of the system in the event of pipe stoppage. As of July 1, 1997, all existing liquified animal waste handling facilities utilizing a flush system shall have, at a minimum, an electronic or mechanical shutoff of the system in the event of pipe stoppage or backflow.

644.630. 1. The owner or operator of every liquified animal waste handling facility utilizing a flush system that poses a risk as determined by the department to any public drinking water supply or any aquatic life, or lies within a drainage basin and is within three hundred feet of any adjacent landowner, shall have a failsafe containment structure or earthen dam that will contain, in the event of an unauthorized discharge, a minimum volume equal to the maximum capacity of flushing in any twenty-four hour period from all gravity outfall lines, recycle pump station and recycle force mains.

2. Construction of such structure or dam, as provided in subsection 1 of this section, shall commence within ninety days of June 25, 1996.

644.635. Within twenty-four hours, any unauthorized discharge by a class IA concentrated animal feeding operation that has crossed the property line of the facility or any unauthorized discharge by a class IA

concentrated animal feeding operation that utilizes a flush system of which the failsafe containment structure or earthen dam has failed to contain and has crossed the property line of the facility, or enters waters of the state shall be reported to the department and to all adjoining property owners of the facility onto whose property the unauthorized discharge flowed.

644.640. There is hereby established in the state treasury the "Concentrated Animal Feeding Operation Indemnity Fund", to be known as the "fund" for the purposes of sections 644.640 to 644.647. All fees or other moneys payable pursuant to the provisions of section 644.645 or other moneys received including gifts, grants, appropriations, and bequests from federal, private, or other sources made for the purpose of the provisions of sections 644.600 to 644.655, shall be payable to and collected by the director of the department of natural resources and deposited in this fund. The money in this fund, upon appropriation, shall be expended to close class IA, class IB, class IC and class II concentrated animal feeding operations as defined in the department's rules, that have been placed in the control of the government due to bankruptcy or failure to pay property taxes, or if the class IA, class IB, class IC or class II concentrated animal feeding operation is abandoned property. "Abandoned property", for the purposes of this section, means real property previously used for, or which has the potential to be used for, agricultural purposes which has been placed in the control of the state, a county, or municipal government, or an agency thereof, through donation, purchase, tax delinquency, foreclosure, default or settlement, including conveyance by deed in lieu of foreclosure, and has been vacant for a period of not less than three years. Any portion of the fund not immediately needed for the purposes authorized shall be invested by the state treasurer as provided by the constitution and laws of this state. All income from such investments shall be deposited in the fund. Any unexpended balance in the fund at the end of any appropriation period shall not be transferred to the general revenue fund and, accordingly, shall be exempt from the provisions of section 33.080, RSMo, relating to the transfer of funds to the general revenue funds of the state by the state treasurer.

644.645. 1. The owner or operator of each class IA concentrated animal feeding operation utilizing a liquified animal waste handling facility shall remit to the department of natural resources a fee of ten cents per animal unit permitted to be deposited in the fund. The fee is due and payable to the department on the first anniversary of issuance of each owner or operator permit to operate such a facility and for nine years thereafter on the same date. The department of natural resources shall provide forms which such owner or operator shall use to file and pay this fee.

2. The fund shall be administered by the department for the purpose of carrying out the provisions of sections 644.600 to 644.655, relating to closure of class IA, class IB, class IC and class II concentrated animal feeding operation wastewater lagoons.

3. The fund administrators may only expend moneys for animal waste lagoon closure activities on real property which:

- (1)** Has been placed in the control of the state, a county, or municipal government, or an agency thereof, through donation, purchase, tax delinquency, foreclosure, default or settlement, including conveyance by deed in lieu of foreclosure, and pose a threat to human health, the environment, or a threat to groundwater; and
- (2)** The state, county, or municipal government, or an agency thereof, has made reasonable and prudent efforts to sell said property to a qualifying purchaser.

4. The fund administrators shall expend no more than one hundred thousand dollars per lagoon for animal waste lagoon closure activities. The fund administrators shall only expend those moneys necessary to achieve a minimum level of closure and still protect human health and the environment. Closure activities shall include lagoon dewatering and removal of animal waste sludge, if any, both of which shall be land applied at a nutrient management application rate designed to minimize phosphorus and nitrogen transport from fields to surface waters in compliance with the technical standards for nutrient management established by the director or otherwise used or disposed of in a manner approved by the director. After dewatering, lagoons which are located in a drainage basin and are capable of meeting all applicable pond requirements of the Natural

Resources Conservation Service (NRCS) with minimal additional expense should be maintained as a pond. Otherwise, the lagoon berms should be breached and graded in such a manner to reasonably conform to the surrounding land contours.

644.647. In the event the department determines that a class IA, class IB, class IC or class II concentrated animal feeding operation has been successfully closed by the owner or operator, all moneys paid by such operation into the concentrated animal feeding operation indemnity fund shall be returned to such operation.

644.650. The department shall conduct at least one on-site inspection of each facility quarterly.

644.655. 1. No rule or portion of a rule promulgated under the authority of sections 644.600 to 644.655 shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.

2. Sections 644.600 to 644.655 shall be administered by the clean water commission pursuant to the provisions and requirements of this chapter.

3. The provisions of sections 644.600 to 644.655 shall not be construed to apply to any livestock market.

2. Members appointed by the governor shall serve for four-year terms and until their successors are appointed; provided however, that the terms of four of the seven original appointees shall be for two years. Other members, except legislative members, shall serve for as long as they hold the position which made them eligible for appointment. Legislative members shall serve during their current term of office but may be reappointed.

3. Members of the commission shall not be compensated for their services, but may be reimbursed for actual and necessary expenses incurred in the performance of their duties. The office of administration and the departments of health and insurance shall provide such support as the commission requires to aid it in the performance of its duties. The commission may consult with experts from the health research, biostatistics, actuarial science and other areas the commission deems appropriate.

4. The members appointed by the governor shall be residents of Missouri. Any vacancy on the commission shall be filled in the same manner as the original appointment.

5. The commission shall be established by October 1, 2003.

376.1584. 1. After the mandated health benefit review commission has been established pursuant to section 376.1581, the commission shall review all existing state mandated health benefits and issue a report to the president pro tem of the senate, the speaker of the house of representatives, and the respective committees in both houses which handle health and insurance issues. The commission shall review the projected costs of all existing state and federal mandated health benefits. The report shall state the costs of all current state and federal mandated benefits and recommend to the general assembly whether any current mandated health benefits should be repealed from state law.

2. The commission shall submit the report described in subsection one of this section to the general assembly no later than the tenth legislative day of the session beginning in January, 2005. Upon submittal, the general assembly may introduce legislation implementing the recommendations of the mandated benefit review commission.

376.1587. Every proposed legislative measure containing a mandated health benefit, with the exception of appropriation bills, introduced into either house of the general assembly shall, before being acted upon, be submitted to the mandated health benefit review commission for the preparation of a report as described in section 376.1593. The report prepared by the mandated benefit review commission shall accompany the fiscal note prepared for the bill containing the mandated health benefit throughout its course of passage.

376.1590. If a bill is heard in a committee and the bill contains a mandated health benefit which was not contained in the introduced version of the bill, the appropriate committee of the general assembly having

jurisdiction over the bill shall determine the level of support for the legislative proposal among the members of the committee. If there is support for the proposed mandate among a majority of the members of the committee, the committee may refer the proposal to the mandated health benefit review commission for review and evaluation pursuant to section 376.1593. The committee having jurisdiction over the legislative proposal shall prescribe the time period in which the report must be completed pursuant to section 376.1593. Upon completion of a review and evaluation, the committee shall review the findings of the mandated health benefit review commission. Such report shall accompany the bill throughout its course of passage.

376.1593. Upon submission of a legislative proposal pursuant to section 376.1590 or upon referral of a mandated health benefit proposal from the appropriate committee of the general assembly having jurisdiction over the proposal, the mandated health benefit review commission shall conduct a review and evaluation of the mandated health benefit proposal and shall issue a report of its findings to the committee. The report shall include, at the minimum and to the extent that information is available, the following:

- (1) The social impact of mandating the benefit, including:**

 - (b) The extent to which the treatment or service is available to the population;**
 - (c) The extent to which insurance coverage for this treatment or service is already available;**
 - (d) If coverage is not generally available, the extent to which the lack of coverage results in persons being unable to obtain necessary health care treatment;**
 - (e) If the coverage is not generally available, the extent to which the lack of coverage results in unreasonable financial hardship on those persons needing treatment;**
 - (f) The level of public demand and the level of demand from providers for the treatment or service;**
 - (g) The level of public demand and the level of demand from the providers for individual or group insurance coverage of the treatment or service;**
 - (h) The level of interest in and the extent to which collective bargaining organizations are negotiating privately for inclusion of this coverage in group contracts;**
 - (i) The likelihood of achieving the objectives of meeting a consumer need as evidenced by the experience of other states;**
 - (j) The relevant findings of the state health planning agency or the appropriate health system agency relating to the social impact of the mandated benefit;**
 - (k) The alternatives to meeting the identified need;**
 - (l) Whether the benefit is a medical or a broader social need and whether it is consistent with the role of health insurance and the concept of managed care;**
 - (m) The impact of any social stigma attached to the benefit upon the market;**
 - (n) The impact of this benefit on the availability of other benefits currently being offered;**
 - (o) The impact of the benefit as it relates to employers shifting to self-insured plans and the extent to which the benefit is currently being offered by employers with self-insured plans; and**
 - (p) The impact of making the benefit applicable to the state employee health insurance program established pursuant to chapter 103, RSMo;**

(2) The financial impact of mandating the benefit, including:

- (a) The extent to which the proposed insurance coverage would increase or decrease the cost of the treatment or service over the next five years;**
- (b) The extent to which the proposed coverage may increase the appropriate or inappropriate use of the treatment or service over the next five years;**
- (c) The extent to which the mandated treatment or service may serve as an alternative for more expensive or less expensive treatment or service;**
- (d) The methods that will be instituted to manage the utilization and costs of the proposed mandate;**
- (e) The extent to which the insurance coverage may affect the number and types of providers of the mandated treatment or service over the next five years;**
- (f) The extent to which insurance coverage of the health care service or provider may be reasonably expected to increase or decrease the insurance premium and administrative expenses of policyholders;**
- (g) The impact of indirect costs, which are costs other than premiums and administrative costs, on the question of the costs and benefits of coverage;**
- (h) The impact of this coverage on the total cost of health care, including potential benefits and savings to insurers and employers because the proposed mandated treatment or service prevents disease or illness or leads to the early detection and treatment of disease or illness that is less costly than treatment or service for later stages of a disease or illness;**
- (i) The effects of mandating the benefit on the cost of health care, particularly the premium and administrative expenses and indirect costs, to employers and employees, including the financial impact on small employers, medium-sized employers and large employers; and**
- (j) The effect of the proposed mandate on cost-shifting between private and public payors of health care coverage and on the overall cost of the health care delivery system in this state;**

(3) The medical efficacy of mandating the benefit, including:

- (a) The contribution of the benefit to the quality of patient care and the health status of the population, including the results of any research demonstrating the medical efficacy of the treatment or service compared to alternatives or not providing the treatment or service; and**
- (b) If the legislation seeks to mandate coverage of an additional class of practitioners:**
 - a. The results of any professionally acceptable research demonstrating the medical results achieved by the additional class of practitioners relative to those already covered; and**
 - b. The methods of the appropriate professional organization that assure clinical proficiency; and**

(4) The effects of balancing the social, economic and medical efficacy considerations, including:

- (a) The extent to which the need for coverage outweighs the costs of mandating the benefit for all policyholders;**
- (b) The extent to which the problem of coverage may be solved by mandating the availability of the coverage as an option for policyholders; and**
- (c) The cumulative impact of mandating this benefit in combination with existing mandates on the costs and**

availability of coverage.

376.1595. Beginning July 1, 2004, any mandated health benefit approved by the general assembly after such date shall apply only to the Missouri consolidated health care plan established in chapter 103, RSMo, for a period of at least one year beginning with the first anniversary date of the Missouri consolidated health care plan subsequent to the approval of the mandated health benefit by the general assembly. On or before March first, after the one-year period for which the mandate has been applied, the board of trustees of the Missouri consolidated health care plan shall submit to the president pro tem of the senate and the speaker of the house of representatives a report indicating the impact such mandated coverage has had on the Missouri consolidated health care plan, including data on the utilization and costs of such mandated coverage. MESSAGES FROM THE GOVERNOR

The following messages were received from the Governor, reading of which was waived:

OFFICE OF THE GOVERNOR

State of Missouri

Jefferson City, Missouri

May 15, 2003

TO THE SECRETARY OF THE SENATE

92nd GENERAL ASSEMBLY

FIRST REGULAR SESSION

STATE OF MISSOURI:

Herewith I return to you Senate Committee Substitute No. 2 for Senate Bill No. 224, entitled:

AN ACT

To authorize the conveyance of property owned by the state in the County of Callaway to the City of Fulton, with an emergency clause.

I disapprove of Senate Committee Substitute No. 2 for Senate Bill No. 224. My reasons for disapproval are as follows:

The legal description in the bill of the easement to be conveyed is flawed. The correct legal description is included in House Committee Substitute for House Bill No. 93, which was also approved by the General Assembly during the 2003 session and which I signed into law on May 15, 2003.

For all of the above state reasons for disapproval, I am returning Senate Committee Substitute No. 2 for Senate Bill No. 224 without my approval.

Respectfully submitted,

BOB HOLDEN

Governor

Also,

OFFICE OF THE GOVERNOR

State of Missouri

Jefferson City, Missouri

May 15, 2003

TO THE SECRETARY OF THE SENATE

92nd GENERAL ASSEMBLY

FIRST REGULAR SESSION

STATE OF MISSOURI:

Herewith I return to you Senate Bill No. 250, entitled:

AN ACT

To amend chapter 67, RSMo, by adding thereto one new section relating to a law enforcement sales tax, with an emergency clause.

I disapprove of Senate Bill No. 250. My reasons for disapproval are as follows:

Language in this bill conflicts with language in House Committee Substitute for House Bill No. 97, which was also approved by the General Assembly during the 2003 session. Both bills aim to authorize certain counties to

consider approving a sales tax to generate revenue for certain county law enforcement services. This bill, however, fails to restrict the use of those funds to public law enforcement services only.

For all of the above stated reasons for disapproval, I am returning Senate Bill No. 250 without my approval.

Respectfully submitted,

BOB HOLDEN

Governor

Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-FIFTH DAY--FRIDAY, MAY 16, 2003

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"I have fought the good fight, I have finished the race, I have kept the faith." (Romans)

Almighty Father, we approach our last nine hours with still much to do; but as the gavel falls and this year's session has ended, let us know that we have fought the good fight, having done what was necessary and at times hard to do in a difficult year. Bless what we have done, we pray, that it may have a good effect. And, as we rush to the finish line, we know we will not do everything that is needing to be done, but help us to be faithful to You and our people. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

In support of his point of order, Senator Jacob offered the following research memorandum, along with supporting documents, and requested that same be printed in the Journal, which request was granted.

RESEARCH MEMORANDUM

Date: May 15, 2003

From: Alan Kelly

Re: A Conference Committee Report That Does Not Include Matter Agreed to By Both Houses

ISSUE

May a conference committee issue a report that excludes language which was agreed to by both houses?

ANSWER

No. If the conferees issue a report which strikes matter that was agreed to by both houses, a point of order on that issue must be sustained and the report must be rejected.

SENATE RULES

There is no rule in the Rules of the Missouri Senate which directly addresses this issue, thus, pursuant to Rule 96, our Senate is governed by "the rules laid down in the practice and procedures adopted by the Senate of the United States".

Rule XXVIII (28) of the Standing Rules of the United States Senate directly addresses the instant question and clearly states the following:

"RULE XXVIII

CONFERENCE COMMITTEES; REPORTS;

OPEN MEETINGS

...

2. *Conferences shall not* insert in their report matter not committed to them by either House, nor shall they *strike from the bill matter agreed to by both Houses*. If new matter is inserted in the report, or *if new matter which was agreed to by both Houses is stricken from the bill, a point of order may be made against the report, and if the point of order is sustained, the report is rejected* or shall be recommitted to the committee of conference if the House of Representatives has not already acted thereon." (Emphasis added)

SENATE PRACTICE & PROCEDURE

The practice and procedure of the United States Senate, as set forth in Riddick's Senate Procedure, is firmly supportive of the statement in Rule 28 that a conference report shall be rejected if it fails to include all language agreed to by both houses. In fact, Riddick's Senate Procedure clearly states that if the conferees issue a report which fails to include such language, the conferees shall be found to have exceeded their authority and the report shall be rejected. The relevant pages from Riddick's are attached hereto and include the following passages governing the instant issue:

"*Conference committees are created...to resolve the differences* Riddick's Senate Procedure, p, 449. (Emphasis added) in the respective versions of any item of legislation which they both pass."

"*The language of any measure which has been approved by both Houses is never in conference, nor may the conferees amend any part of a bill which has been approved by both Houses. All that goes to conference is the amendment or amendments in disagreement.*" Riddick's Senate Procedure, p, 450. (Emphasis added)

"*Committees of conference are appointed for the sole purpose of compromising and adjusting the differing and conflicting opinions of the two Houses....Conferees are limited to the consideration of differences between the two Houses.*

Conferees shall not insert in their report matter not committed to them by either House, nor shall they *strike from the bill matter agreed to by both Houses.*" Riddick's Senate Procedure, p, 460. (Emphasis added)

"If the Senate disagrees to House amendments and asks for a conference on a bill, *the conferees would have no authority to consider matters not in disagreement.*" Riddick's Senate Procedure, p, 461. (Emphasis added) "*If conferees exceed their authority with respect to any matter, the report of the conferees is subject to a point of order.* Various points of order have been sustained on grounds that conferees have exceeded their authority." Riddick's Senate Procedure, p, 484.

"*There is no doubt that it is the rule that the language which has been agreed upon by both bodies cannot be changed by conferees, and that if changed it is subject to a point of order, and that if the point of order is sustained the conference report fails.* The measure will thereby be recommitted to the committee of conference, if the House had not already agreed to the report.

The text of a measure to which both Houses have agreed may not be changed except by unanimous consent of both Houses." Riddick's Senate Procedure, p, 462. (Emphasis added)

Other documents submitted by Senator Jacob, relative to his point of order, are on file in the office of the Secretary of Senate and in the permanent bill folder.

The point of order was referred to the President Pro Tem, who took it under advisement.

Senator Shields assumed the Chair.

Senator Bartle, on behalf of the conference committee appointed to act with a like committee from the House on **SCS** for **HCS** for **HB 613**, as amended, moved that the following conference committee report be taken up, which motion prevailed.

"Encourage one another and build one another up." (1 Thessalonians 5:11)

We are back Lord, to be the responsible people You have called to service. We pray O Lord that even as we debate the budget once again and differ in opinion from one another, that we may "build one another up" by respecting each other and listen tentatively. As we do so may we direct our efforts to doing what is truly needed and necessary for the people who sent us here. In Your Holy Name, we pray. Amen.

RESOLUTIONS

Senator Gibbons offered the following resolution, which was read and adopted:

SENATE RESOLUTION NO. 1

BE IT RESOLVED by the Senate of the Ninety-second General Assembly, First Regular Session, that the Secretary of Senate inform the House of Representatives that the Senate is duly convened in the First Extra Session of the First Regular Session and is ready for consideration of its business.

Senator Gibbons offered the following resolution, which was read and adopted:

SENATE RESOLUTION NO. 2

BE IT RESOLVED by the Senate of the Ninety-second General Assembly, that the rules of the Senate, as adopted by the Ninety-second General Assembly, First Regular Session, be declared the rules of the First Extra Session of the First Regular Session.

COMMUNICATIONS FROM THE GOVERNOR

The President laid before the Senate the following proclamation from the Governor, reading of which was waived:

PROCLAMATION

WHEREAS, Article III, Section 25 of the Constitution of the State of Missouri prohibits the General Assembly during its Regular Session from taking up for consideration any appropriation bill after 6:00 p.m. on the first Friday following the first Monday in May of each year; and

WHEREAS, May 9, 2003, was the first Friday following the first Monday in May of this year during the first Regular Session of this 92nd General Assembly; and

WHEREAS, the budget the General Assembly presented to the Governor on May 21, 2003, is significantly unbalanced and inadequate in that it fails to provide sufficient funds for education and those government services that protect all citizens, including children and the most vulnerable Missourians; and

WHEREAS, the 2004 fiscal year begins on July 1, 2003; and

WHEREAS, I vetoed Conference Committee Substitute for Senate Committee Substitute for House Substitute for House Bill No. 10 because:

This bill reduces services to our most vulnerable citizens. Under this bill treatment and services for more than 3,200 mentally ill adults, 800 emotionally disordered children and almost 6,000 persons with a developmental disability will be reduced or eliminated. Substance abuse and treatment services will also be reduced or eliminated for over 7,000 Missourians. In addition, it eliminates women's health services, which are often the only primary health care services provided to over 30,000 low-income women. We cannot pretend that by cutting these dollars that there is no longer the need to serve and protect these citizens; and

WHEREAS, I vetoed Conference Committee Substitute for Senate Committee Substitute for House Substitute for House Bill No. 3 because:

This bill reduces state aid to Missouri's two- and four-year colleges and universities to unacceptable levels. Under this bill, tuition and fees would increase at an average rate of approximately 10%, forcing a "tax increase" on low and middle income families. The reductions to various grant and scholarship programs will further reduce the availability of higher education opportunities. Families with lower and middle incomes may no longer be able to afford the cost of college. Due to the multiplier effect of these cuts to higher education institutions on their local and regional economies, the negative economic impact could result in additional reductions of \$50-\$150 million in these communities and regions; and

WHEREAS, I vetoed Conference Committee Substitute for Senate Committee Substitute for House Substitute for House Bill No. 11 because:

This bill reduces support and critical services to people who need it the most. About 13,000 low-income working adults will lose healthcare coverage due to reductions in the Medicaid program. This reduction could lead to an increase in more costly emergency room visits and unhealthy parents unable to care for their children. The CHOICES program, which assists over 1,000 foster care youth between the ages of 13 and 15 in becoming responsible adults, will be eliminated. Grandparents raising their grandchildren will have an additional financial burden due to lower

reimbursement rates under the Grandparents as Foster Parents Program. The state's effort to help eliminate violence in the home will be hampered because of reductions in Domestic Violence grants. Reduced support for community services will hurt welfare recipient's ability to achieve self-sufficiency. Community Partnerships have been productive in leveraging local and federal funds to address the social problems of their communities. These essential services are necessary to protect our most vulnerable citizens. This bill also reduces funding for Medicaid programs that are not connected to any cost-savings policy or statutory change. These reductions are not sustainable and must be restored to achieve a balanced budget; and

WHEREAS, I vetoed Conference Committee Substitute for Senate Committee Substitute for House Substitute for House Bill No. 2 because:

This bill reduces state aid to our public schools to unacceptable levels. Since a significant percentage of the foundation program supports teacher salaries, such a cut is likely to result in the layoff of 3,400 school employees, including 2,038 teachers across the state. The elimination of the Science, Social Studies, and Health Education assessments is a step backwards in accountability of Missouri schools. The department and local school districts will be unable to determine how well students are performing in these important subject areas. Our children are our future. Reduced funding for education jeopardizes our commitment to provide quality public education to our children. It also jeopardizes the progress we've made improving test scores and drop out rates. We must protect the state's investment in education; and

WHEREAS, sufficient appropriations are still necessary for the budgets of the Departments of Elementary and Secondary Education, Health and Mental Health, Higher Education, Social Services and other governmental entities as specifically designated and limited below in paragraphs numbered as 1 through 4; and

WHEREAS, the failure to appropriate sufficient funds for the continued operations of the Departments of Elementary and Secondary Education, Health and Mental Health, Higher Education, Social Services and other governmental entities as specifically designated and limited below in paragraphs numbered as 1 through 4 would cause a serious disruption in the delivery of state and local governmental services to Missouri citizens, as the state would have insufficient funds to operate after June 30, 2003; and

WHEREAS, such a disruption in the delivery of state and local governmental services would constitute a serious threat to the health, safety, and welfare of the citizens of Missouri; and

WHEREAS, such a disruption in the delivery of state and local governmental services would impede the Governor from carrying out his duties pursuant to Article IV, Section 2, of the Constitution of Missouri to "take care that the laws are distributed and faithfully executed;" and

WHEREAS, Article IV, Section 9, authorizes the Governor to "On extraordinary occasions....convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary;" and

WHEREAS, such failure to appropriate adequate funds as required by the Constitution of the State of Missouri is an extraordinary occasion as envisioned by Article IV, Section 9, of the Constitution of the State of Missouri.

NOW, THEREFORE, on the extraordinary occasion that exists in the State of Missouri:

I, BOB HOLDEN, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution and Laws of the State of Missouri, do, by this Proclamation, convene the Ninety Second General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in their respective chambers in the State Capitol in the City of Jefferson at the hour of 12:00 p.m., Central Daylight Time, June 2, 2003; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

- To appropriate sufficient money for the expenses, grants, refunds, and distributions of the Department of Mental Health, the Board of Public Buildings, the Department of Health and Senior Services, and the several divisions and programs thereof, the Missouri Health Facilities Review Committee and the Commission for the Missouri Senior RX Program, in an amount sufficient to protect the health, safety and welfare of the citizens of Missouri, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri; and
- To appropriate sufficient money for the expenses, grants, refunds, and distributions of the Department of Higher Education and the several divisions, programs, and institutions of higher education included therein, in an amount sufficient to protect the health, safety and welfare of the citizens of Missouri, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds; and
- To appropriate sufficient money for the expenses, grants, and distributions of the Department of Social Services and the several divisions and programs thereof, in an amount sufficient to protect the health, safety and welfare of the citizens of Missouri, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri; and

- To appropriate sufficient money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education and the several divisions and programs thereof, in an amount sufficient to protect the health, safety and welfare of the citizens of Missouri, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds; and
- To enact limited revenue enhancement proposals to be approved by the voters so that they may choose to authorize revenue in an amount sufficient to protect the health, safety and welfare of the citizens of Missouri, including the necessary and essential services set forth above in paragraphs 1 through 4; and
- To amend the deadline for notification to election authorities of matters intended to be submitted to the voters for elections and to enact such legislation, with an emergency clause, in order for the state to utilize the legislation passed during this extra session; and
- Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

IN WITNESS WHEREOF, I have hereunto

set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 30th day of (SEAL) May, 2003.

"Section 10.725. To the Department of Health and Senior Services

For the Division of Maternal, Child and Family Health

1. For the purpose of funding family planning services, pregnancy testing and follow-up services, provided that none of these funds appropriated herein may be expended to directly or indirectly subsidize abortion services or administrative expenses. Abortion services include performing, assisting with, or directly referring for abortions, or encouraging or counseling patients to have abortions. Family planning services are preconception services that limit or enhance fertility, including contraception methods, the management of infertility, preconception counseling, education, and general reproductive health care. Follow-up services are services that supplement initial consultations for family planning services and pregnancy testing but do not include pregnancy or childbirth care. Nondirective counseling is defined as providing patients with a list of health care and social service providers that provide pregnancy, prenatal, delivery, infant care, foster care, adoption, alternative to abortion and abortion services and nondirective, non-marketing information in regard to such providers. Such list may categorize the providers by the service or services they provide. An organization that receives these funds may not directly refer patients who seek abortion services to any organization that provides abortion services, including its own independent affiliate. Nondirective counseling relating to pregnancy may be provided. None of these funds may be paid or granted to an organization or an affiliate of an organization that provides abortion services. An organization that receives these funds may not display or distribute marketing materials about abortion services to patients. An otherwise qualified organization shall not be disqualified from receipt of these funds because of its affiliation with an organization that provides abortion services, provided that the affiliated organization that provides abortion services is independent as determined by the conditions set forth in this section. To ensure that the state does not lend its imprimatur to abortion services, and to ensure that an organization that provides abortion services does not receive a direct or indirect economic or marketing benefit from these funds, an organization that receives these funds and its independent affiliate that provides abortion services may not share any of the following:

(a) The same or similar name;

(b) Medical or non-medical facilities, including but not limited to business offices, treatment, consultation, examination, and waiting rooms;

(c) Expenses;

(d) Employee wages or salaries; or

(e) Equipment or supplies, including but not limited to computers, telephone systems, telecommunications equipment

and office supplies.

An independent affiliate that provides abortion services must be separately incorporated from any organization that receives these funds. An organization that receives these funds must maintain financial records that demonstrate strict compliance with this section and that demonstrate that its independent affiliate that provides abortion services receives no direct or indirect economic or marketing benefit from these funds. An independent audit shall be conducted at least once every three years to ensure compliance with this section. If the organization is an affiliate of an organization which provides abortion services, the independent audit shall be conducted at least annually. The audit shall be conducted by either an independent auditing firm retained by the department of health or by an independent auditing firm approved by the department and retained by an organization receiving these funds. Any organization receiving federal funds pursuant to Title X of the federal Public Health Services Act may perform services which are required under the federal act, but otherwise prohibited pursuant to this section if:

- 1) Specifically directed by United States Secretary of Health and Human Services to perform such services by written order directed to the organization; and
- 2) Such order is final and no longer subject to appeal, and
- 3) The refusal to perform such required services will result in the withholding of federal funds to said organization.

Federal statutory or regulatory provisions or guidelines of general application shall not constitute such written order as described herein.

2. If any provision of subsection 1 of this section is held invalid, the provision shall be severed from subsection 1 of this section and the remainder of subsection 1 of this section shall be enforced. MESSAGES FROM THE GOVERNOR

The following message was received from the Governor, reading of which was waived:

June 18, 2003

TO THE SENATE AND HOUSE OF REPRESENTATIVES
OF THE NINETY-SECOND GENERAL ASSEMBLY OF
THE STATE OF MISSOURI:

I am enclosing a Special Message to all members of the General Assembly. Please read the enclosed message during the Special Session.

Sincerely,

Bob Holden

Governor

SPECIAL MESSAGE

WHEREAS, by my Proclamation dated May 30th, 2003, I convened the Ninety Second General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

WHEREAS, in my Proclamation convening such special session I asked the General Assembly to appropriate money for the use of the Department of Elementary and Secondary Education and the Department of Higher Education in an amount sufficient to protect the health, safety, and welfare of the citizens of Missouri, especially the children of the state; and

WHEREAS, the budget the General Assembly approved during the extra session is significantly unbalanced and inadequate in that it fails to provide sufficient funds for education and those government services that protect all citizens, including children and the most vulnerable Missourians; and

WHEREAS, I hereby express my intent to veto the appropriations bill for the Department of Elementary and Secondary Education sent to me by the General Assembly in the First Extra Session of the First Regular Session because:

This bill reduces state aid to our public schools to unacceptable levels. Since a significant percentage of the foundation program supports teacher salaries, such a cut is likely to result in the layoff of teachers across the state. The elimination of the Science, Social Studies, and Health Education assessments is a step backwards in accountability of Missouri schools. The department and local school districts will be unable to determine how well students are performing in these important subject areas. Our children are our future. Reduced funding for education jeopardizes our commitment and the progress we have made to provide quality education to our children. We must protect the state's investment in education; and

WHEREAS, I hereby express my intent to veto the appropriations bill for the Department of Higher Education sent to me by the General Assembly in the First Extra Session of the First Regular Session because:

This bill reduces state aid to Missouri's two- and four-year colleges and universities to unacceptable levels. Under this bill, tuition and fees would increase, forcing a "tax increase" on low- and middle-income families. The reductions to various grant and scholarship programs will further reduce the availability of higher education opportunities. Families with lower and middle incomes may no longer be able to afford the cost of college; and

WHEREAS, the failure of the General Assembly to pass and present to me a sufficient appropriation for the Department of Elementary and Secondary Education and the Department of Higher Education has left those departments without operating funds for the duration of the new fiscal year that begins on July 1, 2003; and

WHEREAS, it is critical that the Department of Elementary and Secondary Education and the Department of Higher Education have funds to operate beginning on July 1, 2003, because without such funds these Departments would be unable to meet their many responsibilities to all of the citizens of the state of Missouri.

NOW, THEREFORE, I, BOB HOLDEN, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution and Laws of the State of Missouri, do hereby amend the matters specifically designated and limited for consideration by the General Assembly in my May 30, 2003, Proclamation by deleting from said proclamation matters for the General Assembly's consideration one through six, and by renumbering the seventh matter for the General Assembly's consideration to one.

FURTHERMORE, I HEREBY amend the matters specifically designated and limited for consideration by the General Assembly in my May 30, 2003, Proclamation to add to those remaining matters the following additional specifically designated and limited matters. The additional specifically designated and limited matters on which the action of the General Assembly is deemed necessary are as follows:

2. To appropriate sufficient money on an emergency basis, pursuant to Article III, Section 25, and Article IV, Section 25, of the Missouri Constitution, for a limited term to end no earlier than September 15, 2003, and no later than September 30, 2003, for:

a. the expenses, grants, refunds, and distributions for the continued operations of the State Board of Education and the Department of Elementary and Secondary Education and the several divisions and programs thereof, in an amount sufficient to protect the health, safety, and welfare of the citizens of Missouri, to be expended only as provided in Article IV, Section 28, of the Constitution of Missouri, and to transfer money among certain funds; and

b. the expenses, grants, refunds, and distributions for the continued operations of the Department of Higher Education and the several divisions, programs, and institutions of higher education included therein, in an amount sufficient to protect the health, safety, and welfare of the citizens of Missouri, to be expended only as provided in Article IV, Section 28, of the Constitution of Missouri, and to transfer money among certain funds.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 18th day of June, 2003.

/s/ Bob Holden

The Senate was called to order in Extra Session by Lieutenant Governor Joe Maxwell.

The Reverend Carl Gauck offered the following prayer:

Gracious God, we gather, called back to service, as responsible servants of the people of Missouri. Bless us with Your guidance in our deliberations and actions so we may best serve our people. And Lord, since we last prayed together we have seen over ninety military personnel die, including several from Missouri, as terrorists still persist in their evil. Bless the families of those who died and comfort them with Your presence. Watch over Senator Dolan and those who are in harms way every day and help us bring peace and order in this chaos. And we pray together for our Lt. Governor and for his wife, Sarah, and their family. Grant them Your mercy and comfort them with the memory of Your goodness and provide Sarah with Your healing touch, restoring her to wholeness and health. This we ask in Your Holy Name. Amen.

COMMUNICATIONS FROM THE GOVERNOR

The President laid before the Senate the following proclamation and special message from the Governor, reading of which was waived:

PROCLAMATION

WHEREAS, the budgets the General Assembly presented to the Governor pursuant to the Constitution of the state of Missouri on May 21, 2003, June 18, 2003, and June 27, 2003 were significantly unbalanced and inadequate in that they fail to provide sufficient funds for education and those government services that protect all citizens, including children and the most vulnerable Missourians; and

WHEREAS, the failure to appropriate sufficient funds for education and vital government services has caused a serious disruption in the delivery of state and local governmental services to Missouri citizens; and

WHEREAS, such a disruption in the delivery of state and local governmental services constitutes a serious threat to the health, safety, and welfare of the citizens of Missouri; and

WHEREAS, such a disruption in the delivery of state and local governmental services impedes the Governor from carrying out his duties pursuant to Article IV, Section 2, of the Constitution of Missouri to "take care that the laws are distributed and faithfully executed;" and

WHEREAS, Article IV, Section 9, authorizes the Governor to "On extraordinary occasions ... convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary;" and

WHEREAS, such failure to appropriate adequate funds for education and vital government services as required by the Constitution of the State of Missouri is an extraordinary occasion as envisioned by Article IV, Section 9, of said Constitution.

NOW, THEREFORE, on the extraordinary occasion that exists in the State of Missouri:

I, BOB HOLDEN, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution and Laws of the State of Missouri, do, by this Proclamation, convene the Ninety Second General Assembly of the State of Missouri in the Second Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in their respective chambers in the State Capitol in the City of Jefferson at the hour of 12:00 p.m., Central Daylight Time, September 8, 2003; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

1. To enact limited revenue enhancement proposals in an amount sufficient to protect the health, safety, and welfare of the citizens of Missouri.
2. To allow the Senate to consider appointments to boards, commissions, departments, and divisions that require the advice and consent of the Senate.
3. Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri in the City of Jefferson on this 3rd day of (SEAL) September, 2003.

September 8, 2003

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE NINETY-SECOND GENERAL ASSEMBLY OF
THE STATE OF MISSOURI:

I am enclosing a Special Message to all members of the General Assembly. Please read the enclosed message during the Special Session.

Sincerely,

BOB HOLDEN

Governor

SPECIAL MESSAGE

WHEREAS, by my Proclamation dated September 3, 2003, I convened the Ninety Second General Assembly of the State of Missouri in the Second Extra Session of the First Regular Session; and

WHEREAS, SB 556 & SB 311 were enacted into law on June 16, 2003 and created hiring restrictions applicable to any person employed by an in-home service provider agency or a home health agency, where such person's name appeared on any of the background check lists in the state's family care safety registry; and

WHEREAS, SB 184 was enacted into law on July 11, 2003 and had the effect of expanding the family care safety registry to include all criminal history records for felonies and misdemeanors, including old and minor violations not affecting employees' trustworthiness or competency to provide in-home or home health services; and

WHEREAS, the unintended impact of these laws will be to require the termination of numerous current in-home services and home health employees because of a positive listing on the family care safety registry, even where such listing reflects an old or minor violation not affecting the employees' trustworthiness or competency to provide in-home or home health services; and

WHEREAS, the further unintended impact of these laws will be to require the termination of additional employees of in-home services provider agencies and home health agencies, even where such employees' job responsibilities do not involve the actual provision of in-home or home health services to any client or patient; and

WHEREAS, the needless termination of numerous qualified employees of in-home services provider agencies and home health agencies will result in further economic hardship to the State of Missouri.

NOW, THEREFORE, I, BOB HOLDEN, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution and Laws of the State of Missouri, do hereby amend the matters specifically designated and limited for consideration by the General Assembly in my September 3, 2003 Proclamation by adding to those remaining matters the following additional specifically designated and limited matters. The additional specifically designated and limited matters on which the action of the General Assembly is deemed necessary are as follows:

4. To enact limited statutory amendments giving the Department of Health and Senior Services authority to immediately promulgate rules permitting waiver of certain hiring restrictions for employees of in-home services provider agencies and home health agencies, where such employees are listed on background check lists in the family care safety registry, and the department has determined that such employees do not present a risk to the health or safety of clients or patients.

5. To enact limited statutory amendments clarifying that certain hiring restrictions for employees of in-home services provider agencies and home health agencies are applicable only to employees actually engaged in the act of providing in-home or home health services as a part of their employment.

IN WITNESS WHEREOF, I have hereunto

set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 8th day of (SEAL) September, 2003.

WHEREAS, it is with special pleasure that the members of the Missouri Senate pause to recognize Lee Mace's Ozark Opry, which is commemorating the resplendent occasion of its Fiftieth Anniversary of operation in beautiful Lake Ozark, Missouri; and

WHEREAS, Lee and Joyce Mace began Lee Mace's Ozark Opry in 1953 in the hopes of preserving the true flavor of the Ozarks through its music and dance, and giving the many young people they knew from nearby towns the opportunity to showcase their musical talent; and

WHEREAS, Lee Mace's Ozark Opry made its first home in a small building next to Bagnell Dam, and moved to its current location on Highway 54 in 1957; and

WHEREAS, Lee and Joyce Mace developed a format for their show that repeats itself night after night to one audience after another for the entire season, a concept that was emulated a few years later in Branson, Missouri, and has spread as far away as Myrtle Beach, South Carolina; and

WHEREAS, a veteran of the Korean War, Lee Mace performed Johnny Cash's "Ragged Old Flag" on the show in 1981, which became one of the show's most requested numbers and continues to touch the hearts of audience members as it is played while a spotlight shines on Lee's bass fiddle and the American flag; and

WHEREAS, following the death of her husband on June 16, 1985, Joyce Mace continued the business that she helped establish so many years ago to preserve the traditions of country music in the Ozarks; and

WHEREAS, Lee Mace's Ozark Opry currently plays six nights a week during the summer months, and continues to provide quality entertainment to those individuals who come from both near and far to enjoy a memorable evening of song and dance that was originated by Lee and Joyce Mace:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri Senate, Ninety-second General Assembly, unanimously join in extending our most hearty and robust congratulations to Joyce Mace and to the many talented performers at Lee Mace's Ozark Opry upon this very special anniversary event; and

COMMUNICATIONS FROM THE GOVERNOR

The following communications, regarding vetoed Senate bills, were received by the Secretary of State, reading of which was waived:

OFFICE OF THE GOVERNOR

July 9, 2003

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Substitute No. 2 for Senate Substitute for Senate Committee Substitute for Senate Bill No. 2 entitled:

AN ACT

To repeal sections 285.300, 288.036, 288.038, 288.040, 288.050, 288.060, 288.110, 288.128, 288.270, 288.310, and 288.330, RSMo, and to enact in lieu thereof thirteen new sections relating to employees, with penalty provisions.

I disapprove of said Senate Substitute No. 2 for Senate Substitute for Senate Committee Substitute for Senate Bill No. 2. My reasons for disapproval are as follows:

Senate Substitute No. 2 for Senate Substitute for Senate Committee Substitute for Senate Bill No. 2's attempt to modify the employment security system in Missouri is inadequate. First and foremost, this bill fails to remedy the insolvency of the employment security system (which ran a shortfall of approximately \$230 million last year). To the contrary, this bill gives advantages to certain special interests at the expense of unemployed workers without making any of the common-sense reforms needed to return the employment security system to solvency. Furthermore, by attempting to enable the state to issue hundreds of millions of dollars in bonds to fund the employment security deficit, the bill, if signed, would actually jeopardize the state's AAA bond rating and facilitate continued employment security deficits. Indeed, this bill is likely to prevent any increase in unemployment benefits before the year 2009.

For all of the above stated reasons for disapproval, I am returning Senate Substitute No. 2 for Senate Substitute for Senate Committee Substitute for Senate Bill No. 2 without my approval.

Herewith I return to you House Committee Substitute for Senate Committee Substitute for Senate Bill No. 7 entitled:

AN ACT

To authorize the governor to convey land owned by the state in the county of Pettis.

I disapprove of said House Committee Substitute for Senate Committee Substitute for Senate Bill No. 7. My reasons for disapproval are as follows:

House Committee Substitute for Senate Committee Substitute for Senate Bill No. 7 designates the Department of Elementary and Secondary Education as the agency to conduct the sale of property referenced in Section 1, yet the Office of Administration handles land conveyances for the State.

There is an error in the legal description within Section 1 of House Committee Substitute for Senate Committee Substitute for Senate Bill No. 7.

Section 2 of the bill attempts to convey a tract of land acquired by the State pursuant to the National Trails System Act to the Sedalia School District No. 200 for the purpose of erecting a building upon this tract of land. This conveyance may run afoul of the National Trails System Act and may subject the State to subsequent legal claims, and is contrary to public policy regarding the Katy Trail.

Finally, even assuming such a conveyance of a tract of Katy Trail land were to be appropriate, the bill improperly designates the Governor's Office, rather than the Department of Natural Resources, to convey this particular tract of land.

For all of the above stated reasons for disapproval, I am returning House Committee Substitute for Senate Committee Substitute for Senate Bill No. 7.

Herewith I return to you Senate Committee Substitute for Senate Bill No. 29, entitled:

AN ACT

To repeal sections 115.359 and 115.363, RSMo, and to enact in lieu thereof two new sections relating to deadlines for elections.

I disapprove of Senate Committee Substitute for Senate Bill No. 29. My reason for disapproval is as follows:

Senate Bill No. 29 emphatically violates the principal of separation of powers set out in Article II, section 1, of the Missouri Constitution. Since the decision of the U.S. Supreme Court in Marbury v. Madison in 1803, it has been a bedrock legal principle of the republic that "it is emphatically the province and duty of the judicial department to say what the law is." This bill, by attempting to determine for the courts of this state that a section of law cannot be "altered" or "set aside" for any reason, presumably including the reason, should it be so found, that the section is unconstitutional or conflicts with another section of statute, attempts to relieve the courts of this state of their primary duty. Expressions of legislative intent do not violate the Constitution and in some cases may be welcome, but the general assembly is not allowed to do the job of the judicial branch.

For the above-stated reason for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 29 without my approval.

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 69 entitled:

AN ACT

To repeal sections 536.010 and 536.050, RSMo, and to enact in lieu thereof eight new sections relating to small businesses.

I disapprove of Conference Committee Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 69. My reasons for disapproval are as follows:

Conference Committee Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 69 suborns an unconstitutional delegation of power from the Executive Branch to a quasi-legislative body -- the bill's Small Business Regulatory Fairness Board (Board). According to the terms of this bill, the majority of the Board is to be comprised of individuals appointed by the legislature. Regardless, the Board is given extraordinary powers over executive agencies, including, but not limited to, the power to stymie all executive rulemaking authority by subjecting each executive agency to almost 50 public hearings each year. In addition, the Board may require each executive agency, to respond in writing, in a matter of days, to hundreds of Board petitions and complaints each year regarding any rule any such agency has promulgated at any time, including rules in effect before the effective date of this bill. Such a delegation of power is in violation of Article II, Section I of the Missouri Constitution.

The costs for agencies and small businesses to comply with this bill's bureaucratic mandates will be heavy as well. In addition, this bill subjects executive agencies, and ultimately the taxpayers, to costly and duplicative litigation by creating a cause of action -- the ability to file a lawsuit against any agency -- for any business with up to 100 employees regarding any rule, even one which has merely been proposed.

Furthermore, the bill requires executive agencies to provide certain corporate citizens special and unequal treatment by requiring those executive agencies to reconsider any previously-administered fine or penalty for the violation of a state statute, including those imposed against long-term care facilities pursuant to the nursing home bill I recently signed into law.

Finally, contemporaneously with this veto, I am working with small business leaders on an executive order which provides small business the input into the administrative rulemaking process that they deserve, without running afoul of basic constitutional tenets or imposing unreasonable and exorbitant costs and burdens upon the state's agencies and taxpayers.

For the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 69 without my approval.

Herewith I return to you House Committee Substitute for Senate Committee Substitute for Senate Bill No. 84 entitled:

AN ACT

To repeal sections 148.330, 348.430, and 348.432, RSMo, and to enact in lieu thereof three new sections relating to tax credits.

I disapprove of House Committee Substitute for Senate Committee Substitute for Senate Bill No. 84. My reasons for disapproval are as follows:

House Committee Substitute for Senate Committee Substitute for Senate Bill No. 84 creates a new, preferential tax system for domestic insurance companies that pay state premium taxes into the County Stock Insurance Fund. The new bill's quarterly payment system for insurance companies will cost the state to reprogram accounting systems and will shift the interest earning potential from the state to the corporate taxpayer, thereby reducing state general revenue. In essence, House Committee Substitute for Senate Committee Substitute for Senate Bill No. 84 creates a tax loophole for domestic insurance companies at the expense of Missouri taxpayers.

In addition, the Commissioner of Administration is directed to apportion funds in the County Stock Insurance Fund to the school district, county government and general revenue based upon the ratio of which the rates of levy for the same year for state purposes, for county purposes, and for all school district purposes, bear to each other. The bill states that when the credits are used, only the general revenue portion of the apportionment will be reduced. Historically, however, all funds from the County Stock Insurance Fund, but for a small distribution to the Blind Pension Fund, have been sent to either the school district or the county government in which the insurance company was domiciled. There has been no apportionment to general revenue from the County Stock Insurance Fund. If there is no general revenue apportionment from the county stock fund,

and therefore no revenue to offset when credits are used, then the increased quarterly use of credits against the taxes paid into the fund will come at the expense of local schools.

For all of the above stated reasons for disapproval, I am returning without my approval House Committee Substitute for Senate Committee Substitute for Senate Bill No. 84.

Herewith I return to you Senate Bill No. 203, entitled:

AN ACT

To repeal section 536.077, RSMo, and to enact in lieu thereof one new section relating to administrative subpoenas.

I disapprove of Senate Bill No. 203. My reason for disapproval is as follows:

The language contained in this bill is similar to the language contained in House Bill No. 141, which was also truly agreed and finally passed during the 2003 regular session and which I signed into law on June 9, 2003. The two bills language do not contain *identical* language, however. I have been informed by the revisor of statutes that if both bills are signed into law, formal rules of statutory revision will operate such that the similar language from both bills is merged with the result that the word "agency" is deleted from the amended section of law. The result of that deletion is sometimes to relieve executive agencies of the authority to enforce a subpoena in contested cases, and that was not the intent of either bill. I can effectuate the intent of both bills by signing House Bill No. 141 into law, which I have done, and vetoing this bill on technical grounds.

For the above-stated reason for disapproval, I am returning Senate Bill No. 203 without my approval.

I disapprove of Senate Committee Substitute No. 2 for Senate Bill No. 224. My reasons for disapproval are as follows:

The legal description in the bill of the easement to be conveyed is flawed. The correct legal description is included in House Committee Substitute for House Bill No. 93, which was also approved by the General Assembly during the 2003 session and which I signed into law on May 15, 2003.

Herewith I return to you Senate Bill No. 250 entitled:

AN ACT

To amend chapter 67, RSMo, by adding thereto one new section relating to a law enforcement sales tax, with an emergency clause. I disapprove of Senate Bill No. 250. My reasons for disapproval are as follows:

Language in this bill conflicts with language in House Committee Substitute for House Bill No. 97, which was also approved by the General Assembly during the 2003 session. Both bills aim to authorize certain counties to consider approving a sales tax to generate revenue for certain county law enforcement services. This bill, however, fails to restrict the use of those funds to public law enforcement services only.

AN ACT

To repeal section 115.073, RSMo, and to enact in lieu thereof one new section relating to general expenses of elections paid by certain political subdivisions.

I disapprove of House Committee Substitute for Senate Committee Substitute for Senate Bill No. 358. My reason for disapproval is as follows:

The intent of this bill is clearly to subject only election expenditures to the budgetary approval of the governing body of Platte county. The broad language used in the bill, however, which refers to all "annual general operating expenditures from the general revenue funds" of the county, cities within the county, and Kansas City, appears to allow for budgetary approval of all expenditures, whether related to elections or not. I believe it is best not to introduce such an ambiguity into the statute books.

To repeal sections 595.010 and 595.045, RSMo, and to enact in lieu thereof two new sections relating to crime victim compensation, with penalty provisions.

I disapprove of said House Committee Substitute for Senate Bill No. 401. My reasons for disapproval are as follows:

It would not be in the best interest of the citizens of this State to modify our current statutes in order to divert an additional \$250,000 away from the state's Crime Victims Compensation Fund. Due to the currently precarious financial condition of the Crime Victims Compensation Fund, any diversion of funds currently intended for that Fund -- regardless of the meritorious nature of the programs to which these funds would be diverted - would be inappropriate and irresponsible.

I would encourage the General Assembly to evaluate the fiscal health of the Crime Victims Compensation Fund, as well as the state forensic crime laboratories, and to consider taking the steps necessary to appropriate sufficient funds for such worthy and essential state programs and services. We have made one such step with the signing of SB 39, this month, which will increase funding for state forensic crime laboratories.

Herewith I return to you Senate Bill No. 425 entitled:

AN ACT

To repeal section 58.451, RSMo, and to enact in lieu thereof one new section relating to reporting and investigating of death by a coroner.

I disapprove of Senate Bill No. 425. My reasons for disapproval are as follows:

Senate Bill No. 425 makes a good faith attempt, yet fails, to clarify the rules for determining the place of death and designating responsibility for death investigations under Missouri law. For example, if an individual is transported from our sister state Illinois into Missouri and subsequently expires, neither state, according to the language of this bill, would have jurisdiction to investigate that death or to issue a death certificate.

In addition, Senate Bill No. 425 could generate unforeseen and burdensome costs to the counties as it requires small rural counties to both assume the responsibility for death investigations, and to pay for a medical examiner to conduct an autopsy if needed pursuant to an investigation. Currently, these costs are frequently assumed by larger counties in which major trauma centers reside.

Finally, Senate Bill No. 425 is silent, and may likely create complications and delays, regarding organ donor programs.

For all of the above stated reasons for disapproval, I am returning Senate Bill No. 425 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you Senate Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 280, entitled:

AN ACT

To repeal sections 105.711, 258.100, 307.178, 355.176, 408.040, 430.225, 508.010, 508.040, 508.120, 509.290, 510.263, 512.020, 537.046, 537.067, 538.205, 538.210, and 538.225, RSMo, and to enact in lieu thereof thirty-two new sections relating to tort reform.

I disapprove of Senate Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 280. My reasons for disapproval are as follows:

If signed into law, SB 280 would represent a fundamental shift in the manner in which the burdens and procedural decisions regarding litigation are distributed between an injured party and a defendant. While presented as an answer to rising medical malpractice insurance rates, the bill is unlikely to achieve that goal. Instead, the bill would have produced wholesale revisions designed to shift civil procedure burdens from defendants to the injured party. In the end, passage of this bill would make it more difficult for aggrieved parties to seek redress for civil breaches and even simple justice.

While SB 280 appears to give an injured party a choice in the selection of venue, the venue provisions are actually weighted toward providing the defendant increased influence in the selection of venue. SB 280 would ensure that the defendant could control the residency element to ensure a "friendly" venue. The venue provisions in SB 280 would allow a defendant to live and work anywhere in the state and still establish "residence" in counties where they had no business contacts. No informed business would bother to register their agent unless they were to do so in a county perceived as less friendly to litigation than Cole County. Therefore, a company in Jackson County could register an agent in New Madrid County despite having no business contacts there if it found that county to be "friendlier" to defendants.

The change of venue provisions would also put the defendant in a persuasive position to move venue out of the injured party's home county. This influence is created in separate ways: first, the elements to be considered in the convenient forum calculation tilt toward the defendant. There is an onus to move if the defendant is not a resident of the forum. There is also an onus to move if witnesses and evidence are located in a county other than the plaintiff's home. Second, under the system presented by SB 280, the injured party would select venue and then bear the burden of demonstrating why the venue should not be changed if the action is filed in a county where the action did not accrue. As the injured party now becomes the party with the burden of persuasion, the defendant gains an advantage. This revision represents a fundamental shift in Missouri civil litigation. Historically, it has been viewed as the right of the injured party to choose the venue in which to have a claim heard. Defendants then have the ability to make challenges to the site of venue.

I recently signed into law SB 556, the Senior Care & Protection Act, which provides greater protections for seniors residing in long-term care facilities and holds nursing home executives and employees accountable for neglect and abuse. SB 280 would begin to reverse these gains and provide unwarranted legal protections for long-term care providers who negligently injure their residents. SB 280 would prohibit a provider's quality assessment committee records, written proceedings, or documents produced by or through the activities of any state or federal agency from being subject to release by subpoena or other means of compulsion or from being admissible in certain civil, criminal, and administrative proceedings. SB 280 would also prohibit an injured party from compelling persons related to such committees to provide testimony about records and documents or actions taken by the committee.

The provisions of SB 280 that place caps on damages would jeopardize federal Housing and Urban Development (HUD) dollars received by the Missouri Department of Labor and Industrial Relations' Human Rights Commission. The Department received a letter dated March 11, 2003, clearly indicating that any caps on damages in housing complaints would lead to a loss of federal funds from HUD. It appears that Section 510.263 caps punitive damages in tort cases and would likely apply to cases brought under Chapter 213, the Missouri Human Rights Act, as the Missouri Supreme Court has defined causes of action under Chapter 213 as torts. See *State ex rel. Diehl v. O'Malley*, 95 S.W.3d 82 (Mo. 2003). The loss of federal funds from HUD would be approximately \$339,714.

For almost a year, my administration has been taking extraordinary steps to help physicians obtain necessary coverage at the most affordable rates available and we will continue to do so. The Missouri Department of Insurance (MDI) is expediting the licensing of qualified new insurers. Missouri has admitted seven new carriers to write coverage for physicians and surgeons -- an unusual influx of insurers into this market. Today, at least nine companies are accepting applicants for new coverage, up from five in January.

MDI will hold a public hearing July 11 on whether medical malpractice coverage is "reasonably available" to all health-care providers and whether a state-sponsored insurance program is necessary to help resolve Missouri's capacity problem.

MDI is completing an unprecedented financial and market conduct examination of the medical malpractice industry in Missouri that should provide further insights into how our problems developed and how they can be solved.

Finally, much of physicians' consternation about medical malpractice rates involves the crunch they encounter between rising costs and flat or declining income, particularly because they have agreed to steep HMO discounts. Many HMOs and other insurers -- despite those discounts -- still fail to pay on a timely basis. To address this problem, MDI has been implementing a new "prompt pay" law that I signed into law last year. This month, MDI fined the first HMO found to be in violation by more than \$100,000 and other cases await, with pending fines up to more than \$300,000 each. These fines will not only deter those companies from late payments, but also serve as a warning to other insurers and HMOs that the state will act unless they pay physicians promptly as required by Missouri law.

For all of the above-stated reasons for disapproval, I am returning Senate Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 280 without my approval.

Respectfully submitted,

Bob Holden

OFFICE OF THE GOVERNOR

Jefferson City, Missouri

July 9, 2003

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you Senate Substitute for Senate Bill No. 13, entitled:

AN ACT

To repeal section 21.750, RSMo, relating to rights of political subdivisions, and to enact in lieu thereof one new section relating to the same subject.

I disapprove of Senate Substitute for Senate Bill No. 13. My reasons for disapproval are as follows:

There is a court case pending in the City of St. Louis that accuses the gun industry of manufacturing defective guns and of negligence in their distribution. The case is similar to lawsuits brought against the tobacco industry that exposed industry practices to public scrutiny and led to the \$368 billion tobacco settlement. This bill intends to end prematurely the St. Louis court case without a full examination of the issues and before the liability of the gun industry is determined and to preclude similar lawsuits by any subdivision in the future. Both intentions are misguided. It is poor public policy to change the legal landscape while a case is pending in the courts; in the interests of justice the St. Louis City court case must be allowed to proceed so long as the courts determine that the case has merit. It is similarly poor policy to dictate that political subdivisions cannot file a case at any time. The proper forum for determining the merits of causes of action and liability of the gun and ammunition industries is in our state's impartial courts, not the political forum of the legislature.

Perhaps more importantly, although the stated intent of this bill was to affect only litigation filed by political subdivisions, this bill also affects the legal rights of individual citizens of the state. The bill takes away the ability of any citizen to sue the designer, manufacturer, marketer, distributor, or seller of firearms based on a legal theory alleging an abnormally dangerous activity or a public or private nuisance. The effect of this language is to eliminate the existing right of a private citizen to sue a firearm or ammunition manufacturer under a theory of strict liability. Once again, this bill attempts to grant a special favor to the gun and ammunition industries - this time at the expense of the existing rights of private citizens. Causes of action that have not yet been considered in a state court should not be deleted by legislative fiat.

For the above-stated reasons for disapproval, I am returning Senate Substitute for Senate Bill No. 13 without my approval.

Respectfully submitted,

Bob Holden

July 9, 2003

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 199, entitled:

AN ACT

To repeal sections 48.020, 48.030, 50.550, 50.740, 56.640, 67.1775, 135.207, 304.010, 473.730, 558.019, and 559.021, RSMo, and section 67.399, RSMo, as enacted by senate committee substitute for house substitute for house committee substitute for house bills nos. 977 & 1608, eighty-ninth general assembly, second regular session, and section 67.399, RSMo, as enacted by senate committee substitute for house bill no. 1352, eighty-ninth general assembly, second regular session, and to enact in lieu thereof twenty-two new sections relating to counties, with penalty provisions.

I disapprove of Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 199. My reason for disapproval is as follows:

Article IX, section 7, of the Missouri constitution requires that "All forfeitures and fines collected hereafter for any breach of the penal laws of the state shall be distributed annually to the schools of the several counties according to law." This bill, by attempting to set aside fines

collected for the breach of the penal laws of this state for purposes other than funding public schools, violates the state constitution. Particularly at a time when the funding provided to the free public schools of this state is inadequate, the constitutional provision guarding against the use of such funding for other purposes must be stringently adhered to.

For the above-stated reason for disapproval, I am returning Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 199 without my approval.

Respectfully submitted,

Bob Holden

FIRST REGULAR SESSION

VETO SESSION

SECOND DAY--THURSDAY, SEPTEMBER 11, 2003

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"Remember my affliction and bitterness, the wormwood and the gall! My soul continually thinks of it and is bowed down within me. But this I call to mind, and therefore I have hope. The steadfast love of the Lord never ceases, his mercies never come to an end; ..." (Lamentations 3:19-22)

Gracious God, we are mindful of this day and those who brought death, pain and grief to our people. We remember that amidst the charred ruins and bitterness we experienced we turned to You and You comforted us and gave us hope. In this hope may we find both individually and as a nation, ways to put an end to the violence, and help us enjoy peace and harmony among all people. And Lord may it begin with us. In Your Holy Name, we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Senator Shields raised the point of order that the substitute motion made by Senator Jacob is out of order as it is not a true substitute motion.

The point of order was referred to the President Pro Tem.

At the request of Senator Jacob, the substitute motion was withdrawn, rendering the point of order moot.

Senator Jacob moved that the motion made by Senator Cauthorn lay on the table for a twenty-four hour waiting period.

Senator Cauthorn inquired of the President regarding the disposition of the point of order raised by Senator Shields.

Senator Jacob was recognized to speak on his motion.

The point of order was referred to the President Pro Tem.
